

\$100 SAVING

QUEENSTOWN LAKES DISTRICT COUNCIL IS SUBSIDISING EARTHMAKER HOME COMPOSTERS – ORDER YOURS NOW!

The Queenstown Lakes District Council wants to help residents minimise waste by providing a subsidy on home composters. Composting is the best way to process organic waste, add value to your land, grow a healthy garden and reduce landfill – so **why waste waste?**

- **Makes composting easy** – Earthmaker's patented continuous cycle system lets you **add both food and green waste** in the top at anytime, move material through without effort and take compost from the bottom when needed.
- **Gravity does the hard work!** It's a traditional three-stage process but no heavy lifting or turning is required because the stages are stacked vertically.
- **Reduces greenhouse gas emissions** – Earthmaker's unique aerobic process reduces methane emissions and makes compost faster.
- **Great size** (466 litre, 75cm dia, 120cm high) saves on rubbish bags, collection fees, etc. **Can process 1000kg per year into 300 litres of mulch /compost.**
- **New Zealand invented, designed and made** – and sold around the world.
- **Free delivery to your door** when you use the Yourfastshop order form below.
- **Easy assembly** – your Earthmaker will arrive in a flat pack with Assembly Instructions and a User Guide.
- **30 day money back guarantee** offered by Yourfastshop – just send it back if unused or faulty.
- **Heavily reduced price** – only \$97 as \$100 is subsidised by the council.
- The offer is only for one composter per household. Additional composters are \$197 from Yourfastshop Ltd: 0800 294 694 or email dave@yourfastshop.co.nz
- More about the Earthmaker can be found at www.earthmaker.co.nz
- More information about waste minimisation at www.qldc.govt.nz

Order directly from Yourfastshop Ltd using the order form below.

Please make cheques payable to Yourfastshop Ltd and send with this form to **Yourfastshop Ltd , PO Box 180, Lincoln 7640, Canterbury.**

Quantity	Item	Total Price
