

41 JACKS POINT

41.1

Zone Purpose

The purpose of the Jacks Point Zone is to provide for residential, rural living, commercial, community and visitor accommodation in a high quality sustainable environment comprising residential areas, an education innovation campus, two villages and a variety of recreation opportunities and community benefits including access to public open space and amenities.

The village areas and associated residential activities at Jacks Point will be sustainable in their nature, constituting mixed density development, best practice methods of waste disposal and longevity in their quality and built form. The preparation of development controls and non-regulatory design guidelines, in conjunction with provisions of the District Plan and other methods, will ensure provision for the social, economic and cultural wellbeing of the wider community, while also assisting in ecological enhancement and the seamless integration of the built and natural environment.

In addition, the zoning anticipates an 18-hole championship golf course, a luxury lodge, small-scale commercial activities, provision for community facilities, craft and winery activities, outdoor recreation and enhanced access to and enjoyment of Lake Wakatipu.

41.2

Objectives and Policies

41.2.1 **Objective - Development of an integrated community, incorporating residential living, visitor accommodation, community, and small-scale commercial activities within a framework of open space and recreation amenities.**

- Policies
- 41.2.1.1** Use a Structure Plan to establish the spatial layout of development within the zone and diversity of living and complementary activities, taking into account:
 - Integration of activities and servicing;
 - Landscape and amenity values;
 - Road, open space and trail networks;
 - Visibility from State Highway 6 and Lake Wakatipu.
 - 41.2.1.2** Ensure subdivision and development incorporates the design elements shown on the Structure Plan, namely roads, road connections, open space, access connections and trails.
 - 41.2.1.3** Maintain and protect views into the site when viewed from the lake, and to maintain and protect views across the site to the mountain peaks beyond when viewed from the State Highway.
 - 41.2.1.4** Ensure that residential development is not readily visible from the State Highway.
 - 41.2.1.5** Provide public access from the State Highway to the lake foreshore and to facilitate increased use and enjoyment of the margin and waters of Lake Wakatipu.

- 41.2.1.6** Provide for local biodiversity through:
- The protection and enhancement of existing ecological values, in a holistic manner;
 - Reduction in grazing around wetland areas; and
 - The provision of links between grey shrublands, wetlands and the lakeshore escarpment, including indigenous vegetation links between Activity Areas where appropriate.
- 41.2.1.7** Ensure that development within the ecologically sensitive areas of the zone results in a net environmental gain.
- 41.2.1.8** Control the take-off and landing of aircraft within the zone.
- 41.2.1.9** Ensure that subdivision, development and ancillary activities within the Tablelands maintain the character of the landscape.
- 41.2.1.10** Provide for farming and associated activities in appropriate areas, while ensuring that development associated with those activities does not result in over domestication of the landscape.
- 41.2.1.11** Enable mining activities which contribute to the development of the zone, provided environmental effects are appropriately managed.
- 41.2.1.12** Provide a diversity of living accommodation, including opportunities for farm and rural living at low densities.
- 41.2.1.13** Recognise the Residential (Hanley Downs) Activity Area as being appropriate to accommodate residential development at a greater scale and intensity than elsewhere in the zone.
- 41.2.1.14** Enable medium density housing development within the established areas of Jacks Point where the scale and form of built development is appropriate to the character of the Activity Area.
- 41.2.1.15** Enable the development of education, business innovation and associated activities within the Education Innovation Campus, subject to achieving a high standard of urban design.
- 41.2.1.16** Ensure the visual impacts of subdivision and development within the Residential State Highway and Education Innovation Campus Activity Areas are appropriately mitigated through landscaping and the provision of open space.
- 41.2.1.17** Provide for farming and rural living in the Farm Preserve Activity Area to enable continued rural land management together with providing a greater diversity of lot sizes that retains rural amenity and protects landscape values, while ensuring that:
- within the Farm Preserve 1 Activity Area, subdivision and development incorporates mechanisms for the protection and management of open space and native vegetation.
 - within the Farm Preserve 2 Activity Area, buildings are not visible from Lake Wakatipu and State Highway 6.
- 41.2.1.18** Enable commercial activities within the Residential (Hanley Downs) Activity Area, designed to service the needs of the local community, where they can locate along or near primary roads.

- 41.2.1.19** Enable commercial and community activities and visitor accommodation, provided residential amenity, health and safety are protected or enhanced through:
- Compatible hours of operation and noise;
 - A high standard of building design;
 - The location and provision of open space, buffers and setbacks;
 - Appropriate landscape mitigation;
 - The design of vehicle access and car parking; and
 - An appropriate scale of activity and form of building development.
- 41.2.1.20** Use residential development controls to protect privacy and amenity, provide access to sunlight, achieve design cohesion and to provide appropriate opportunities for outdoor living.
- 41.2.1.21** Provide for medium density and small lot housing subject to ensuring the scale and form of built development provides an appropriate standard of residential amenity and design.
- 41.2.1.22** Avoid industrial activities.
- 41.2.1.23** Provide for the development of lakeside activities in the Homestead Bay area, in a manner which complements and enhances amenity values.
- 41.2.1.24** Ensure substantial native revegetation of the lake foreshore and open spaces within Homestead Bay and Home site activity areas within the Tablelands.
- 41.2.1.25** Provide safe and efficient road access from State Highway 6.
- 41.2.1.26** Ensure provision of integrated servicing infrastructure, roading and vehicle access.
- 41.2.1.27** Ensure an adequate level of sewage disposal, water supply and refuse disposal services are provided which do not adversely affect water or other environmental values.

41.3

Other Provisions and Rules

41.3.1 District Wide

Attention is drawn to the following District Wide chapters. All provisions referred to are within Stage 1 of the Proposed District Plan, unless marked as Operative District Plan (ODP).

41.3.2 Clarification

41.3.2.1 References to the Structure Plan and to Activity Areas are references to the Jacks Point Zone Structure Plan and the Activity Areas identified on that Structure Plan.

41.3.2.2 Earthworks undertaken for the development of land associated with any subdivision shall be governed by Chapter 27: Subdivision and Development.

41.3.2.3 A permitted activity must comply with all the rules listed in the activity and standards tables, and any relevant district wide rules.

41.3.2.4 Where an activity does not comply with a rule or standard the activity status identified by the Non-Compliance Status column shall apply. Where an activity breaches more than one Standard, the most restrictive status shall apply to the Activity.

41.3.2.5 The following abbreviations are used within this Chapter.
