

20 November 2023

The Hearing panel received requests for questions on behalf of:

- Koko Ridge Limited (and Tim Allan)
- Winter Miles Airstream Limited
- Anna Hutchinson Family Trust
- Glenpanel Developments Limited
- Corona Trust

These requests are all live on the TPLM website. As per Direction 9.16 of 10 August 2023 we have reviewed the questions but could not have that done in full by lunchtime today as we had proposed. While we generally consider the questions are appropriate, focus the issues and arguments, we consider some to be unnecessary and sometimes the tone is unhelpful. However, largely the Hearing Panel has left questions as asked. Experts responding to the questions are reminded to read Direction 9.16 and keep their replies succinct and focused on assisting the Hearing Panel rather than continuing specific positional or overly technical arguments.

Some specific questions which the Hearing Panel does not consider necessary to answer (noting that counsel/representatives and experts are able to raise particular matters during the hearing), but the experts may respond to if they wish, are:

- Koko Ridge Limited (and Tim Allan): the first question in 1, the first question in question 2, 3, the first question in question 4, 5, 7, 10, 11, 12, 18, 19, and 25 can be stated through Koko Ridge submissions / evidence.
- Corona Trust: the last question in 3, 7 and 11 can be stated through Corona trust submissions and evidence.

David Allen
Commissioner Chair
