MINUTE 24 – WAIVER OF EVIDENCE DEADLINE (8)

Introduction

1. In Minute 23, I discussed applications to file evidence after the 1pm 19 June deadline for submitters on wāhi tūpuna issues other than Kā Rūnaka. I overlooked the fact that Ms McLeod, filing evidence on behalf of Transpower New Zealand Limited, had sought a waiver in respect of that evidence being three hours and ten minutes late. Her application explained that she had overlooked the fact that evidence was due at 1pm, assuming that the deadline would be 5pm.

Discussion

2. This case raises similar issues to that discussed in Minute 23, related to the evidence of Mr Giddens, except that Ms McLeod's evidence was filed closer to the deadline than was that of Mr Giddens.
3. Accordingly, the same conclusion follows. I waive late receipt of Ms McLeod's evidence for Transpower New Zealand Limited.
