1. Proposed locations for restricting vehicle parking off a roadway

A report from Polly Lambert (Acting Manager, Asset Strategy and Planning) presented proposed locations for signs to restrict vehicles parking off the roadway, thereby enabling enforcement to occur. The report asked the subcommittee to adopt the locations so that enforcement could occur.

Subsequent to the agenda being published a change was made to the report removing Eely Point from the areas proposed.

Ms Lambert advised that the areas proposed for enforcement were where Council departments had indicated they wanted off-road parking to be enforced.

The members noted that both Lake Hayes Estate and Shotover Country had signage on their entrance roadways advising that off-road parking (on road verges) was not permitted and that these were areas from which the Council received a number of complaints about off-road parking. Notwithstanding that, these were areas where enforcement was not generally pursued at present, although this approach could change in the future, especially if a large number of complaints were received. Considerable driver education had been undertaken in Shotover Country and Lake Hayes Estate with a good improvement in levels of compliance as a result.

Members noted that compliance was important where there was damage to the Council's assets (e.g. grass damage and other amenities). There were also other ways of preventing parking on verges including posts and chain installations (which increased amenity) and the installation of yellow lines.

Members noted that some areas were not enforced at present this could alter in response to public feedback.

On the motion of Mr Burns and Mr Hansby the Traffic & Parking Subcommittee resolved to

- 1. Note the contents of this report;**
- 2. Approve the erection of signage and subsequent enforcement of vehicles parking off a roadway in the following locations to prevent potential damage to amenity infrastructure and/or address safety concerns. The areas for enforcement are:**

Road or Location	Specific Description
Queenstown Area	
Ballarat Street (East)	No parking off roadway from Henry Street intersection to Hallenstein Street
Hallenstein Street	No parking off a roadway on northern side of Hallenstein street from properties 1 - 7

**Traffic & Parking Subcommittee
