

- Kellie

Summary

Detailed comments and suggestions looking at affordable housing and ways to address it. Gives examples from other countries experiencing similar growth and issues. Looks at rent caps, Development contributions and secondary flats. Please see full submission for all details

ADDISON Felicity

Wakatipu

Summary

nothing written

ADLAM Bevan

Wakatipu

Summary

Requests funding for the Queenstown Mountain Bike Club to increase new trails as MTB visitors are contributing to tourism in the area

AITKEN Andy

Wakatipu

Summary

Do not involve Glenorchy in water chlorination as it is unnecessary and not wanted by the community

AITKEN Ann Margaret

Wakatipu

Summary

Against chlorination of Glenorchy water supply.

ALBRECHT Susan

Wakatipu Netball Centre

Wakatipu

Summary

Outlines the growth in support and members for netball in the area. Notes that the events centre will soon not be able to cope with the numbers using the facility and maintenance is especially required on the outside courts. Long term more indoor courts are required to support the sport in the winter months

ALGER Andrew

Wakatipu

Summary

Asks for more support of the Queenstown Mountain Bike Club

ALLAN James

Wakatipu

Summary

nothing written

ALLARD David

Wanaka/Upper Clutha

Summary

Comments against QAC running the Wanaka Airport noting that the economics of it are different to the larger, busier Queenstown Airport. QLD should retain management oversight of the running of Wanaka Airport

ALLCORN Orlagh

Wakatipu

Summary

Supports Bathhouse playground proposal

ALLKINS Roger

Wakatipu

Summary

Wrote mountain bike trails

ANDERSON Cec

LUGGATE TOWNSHIP

Wanaka/Upper Clutha

Summary

Attached is a petition that includes 210 against chlorination of the Luggate water supply, 2 for and 3 undecided.

ANDERSON Cecily

Wanaka/Upper Clutha

Summary

Against chlorination of Luggate water supply and asks Council to explore other treatment options.

ANDERSON Lucille

Wanaka/Upper Clutha

Summary

Against chlorination of Luggate water supply and notes they have never become ill from drinking the water.

ANDERSON Rod

Summary

Against chlorination of water supplies and suggests other methods to meet health standards as well as consulting with the community. Asks Council to make provision to strengthen the Luggate Memorial Hall

ANDERSON terri

Wakatipu

Summary

Provides a list of things to look at planning of the entranceway to Queenstown, comments on ways to look at freedom camping, advocates continuing to push for a visitor levy, suggests better pedestrian cycleways from Quail Rise, using water taxis more, doing more work around safety and violence, and ensuring meaningful engagement happens by budgeting for communication for each project.

ANGUS Paul

Wakatipu

Summary

Questions why ratepayers from Closeburn and Glenorchy are being excluded from the proposed bus transport system. Notes Otago and NZ is backward in waste minimalisation and positive changes are needed.

ANTILL Claire

Wakatipu

Summary

Opposes chlorination of Arthurs Point water.

ARAUJO CERVIERI Paola

Wakatipu

Summary

Provides some suggestions to aid traffic flow in town and also suggests a public toilet by the Fernhill playground

ARMSTRONG Andy

Wanaka/Upper Clutha

Summary

Detailed comments covering resource consenting, water management, chlorination of small communities water supplies, waste management, roading, housing, tourism and parks and recreation

ARNOLD Victoria

Wakatipu

Summary

nothing written

ASHFORD-TAIT Sheena

Wakatipu

Summary

Requests more funding for downhill mountain bike trails noting that the cross country network is well maintained and used. Suggests Queenstown could become a downhill mountain biking destination with better funding

BAKER David

Wakatipu

Summary

Requests financial support for the Queenstown Mountain Bike Club

BAKER Ronnie

Wakatipu

Summary

Detailed submission outlining the benefits of mountain biking to the area and the need for more trails. Suggests mountain biking could help ease traffic congestion and suggests a new trail from Sunshine Bay to the 7 Mile trails

BAKER Tom

Wakatipu

Summary

Supports Queenstown Mountain Bike Clubs submission for funding for more trails and supports the work they have done. With more funding and support the area could become a world class mountain biking destination. Compares the amount given to the Trails Trust and to other mountain bike clubs in the country

BAKHUIS Robert

Wakatipu

Summary

Against chlorination of Glenorchy water supply

BALDWIN Mark

Wakatipu

Summary

Agrees with a rates increase for an effective public transport system and this would be especially useful for low income workers. Suggests public transport for the ski fields due to safety issues. Suggests investing more in cycling and pedestrian pathways and notes that SH6 through Frankton is unfriendly to pedestrians and cyclists. Asks for funding for Queenstown Mountain Bike Club for trail maintenance.

BALLANTYNE Graeme

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply. Suggests that the risk is low and the recently updated system will adequately keep the water clean

BARNETT Bryn

Wakatipu

Summary

BARR Lesley

Wakatipu

Summary

The Glenorchy public toilets are experiencing very high usage over the summer months and there is an urgent need for more public toilets to be built as the popularity of Glenorchy increases.

BARRETT Martin

Arrowtown Village Association

Wakatipu

Summary

Detailed requests for priorities for Arrowtown. These include works required at the Arrowtown Library Green and the Arrowtown Village Green. AVA supports the Heritage Lighting Plan and asks for a long term programme to upgrade the Arrowtown swimming pool. Asks to be consulted with on these issues and advised of the outcomes.

BARTLETT Annabelle

Wakatipu

Summary

Comments that it looks better and more exciting than the one there now

BARTLETT Catkin

Wakatipu

Summary

Detailed comments and suggestions to aid and encourage cycling as a way to ease traffic congestion. Specific comments about requests for service for cars parked on footpaths, hedges overgrown on footpaths and requests for cutdowns. Also suggests reviewing speed limits in urban and residential areas

BARTLETT Gavin

Wakatipu Rugby Club

Wakatipu

Summary

Concerned about apparent reduction in care and maintenance of the Queenstown Recreation Ground playing surface. Notes that this has been aggravated by use of the grounds for events. Concerned that the Queenstown Recreation Ground Reserve Management Plan objectives are not being met. Requests that the maintenance budget be increased and a turf management specialist assess the ground. Also note the poor accessibility of the grounds. Please see full submission for all details

BATTSON Jude

Ruby Island Management Committee

Wanaka/Upper Clutha

Summary

Request for the annual maintenance grant to continue and description of the work that was undertaken last year.

BATTSON Jude

Wanaka/Upper Clutha

Summary

Comments on chlorination of Hawea water supply

BELCHER Matt

Wakatipu

Summary

Suggests integrating movement sensors on street lights when they are upgraded or installed as a way of reducing power use and light pollution

BELL Sharon

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply

BENINGTON Nanette

Happiness House

Wakatipu

Summary

Notes that their current lease will not be renewed in October 2018 and are currently looking for new premises. Are advising council as there is a potential for a rent increase with a change in premise and will require on-going support from Council. also question if there was any opportunity for council owned land or housing. Submission includes New tenure covering letter and the trusts 5 Year Plan

BIRKETT Allan

Wakatipu

Summary

Notes mountain biking brings a larger number of tourists to Queenstown more than the wakatipu trails yet it doesn't get enough funding.

BLACK Fiona

Real Journeys

-

Summary

Detailed submission giving the history of the company. Supports the proposals to reduce congestion and work on public transport, supports development of a Town Centre Strategy, suggests more rubbish bins in busy areas, and supports work with ORC on water quality. Detailed comments on the state of the Mount Nicolas Beach Bay Road and Von Road including the increasing traffic they are seeing. Request for more funding towards maintenance of these roads. Please see submission for details

BLACKFORD Andrew

Wakatipu

Summary

Notes that the Queenstown Mountain Bike Club has made many trails in the area and helped make Queenstown a mountain biking destination. Requests that the club be supported financially.

BLACKLEY alicie

Wakatipu

Summary

Comments on a block of land separate from the camping ground at Frankton and suggests cabins be placed there

BLAKELY Philip

Wakatipu

Summary

Overall supports the plan and the proposed rates increase. Comments on affordable housing and the need to reduce urban sprawl, concerned about the spread of wilding conifers and sees it as the number 1 environmental problem, against chlorination of Arrowtown water supply.

BLATT Babu

Bike'vember

Wanaka/Upper Clutha

Summary

Detailed submission outlining Bikevember and sustainable transport. Discusses sustainable transport in detail and how it relates to key issues identified in the Annual Plan. Suggests Infrastructure, budget and Annual Plan needs as well as programme, education, promotion and communication needs. Please see full submission for all details.

BLATT Babu

Wanaka/Upper Clutha

Summary

Detailed comments that the consultation document is all Wakatipu focussed with little information on Wanaka. Suggests putting more focus on biking as a sustainable transport option as well as spending more money on biking infrastructure. Detailed comments and suggestions to look at affordable housing. Asks Council to consider buying Sticky Forest if the opportunity arose. Comments on the lack of actual detail in the Annual Plan documents.

BODE Anthony

Wanaka/Upper Clutha

Summary

Against chlorination of Luggate water supply commenting that it should be a last resort. Suggests Council should be protecting the sources of the water (eg better fencing)

BOLOCK Michael

Wanaka/Upper Clutha

Summary

Requests a footpath from Quail Rise down to Tucker Beach Road. Suggests reducing the speed at the SH6 intersection with Quail Rise will not work and that a route under the bridge would be safer

BONHAM Diana

Wakatipu

Summary

Detailed comments addressing the issue of water quality and the increase of toxic algae in water ways such as Lake Hayes. Specific comments around the increased use of waterways that previously naturally flushed the lake and suggests a bore be created for the developments being built in the area instead

BOOIMAN Arda

Wanaka/Upper Clutha

Summary

Against chlorination of Luggate water supply. Notes the importance of the Luggate hall to the community and asks for a contingency plan to make it safe. Requests parking at the Wanaka library be improved as it is insufficient

BOOIMAN Inga

Wanaka/Upper Clutha

Summary

Comments on transport, chlorination, protecting sticky forest, affordable housing, keeping the Luggate Hall and more public transport in the Wanaka area.

BORRELL John

Wakatipu

Summary

Rather than throw money at the issues faced by the area suggests that the growth rate be controlled by limiting rate of increase in number of passengers arriving at the airport.

BOUCHER Jessie

Wakatipu

Summary

Against chlorination of Glenorchy water supply. Feels there are alternatives that could be used instead.

BOULAY Michel

Wakatipu

Summary

Does not want chlorination of Glenorchy water supply. Has been drinking the water for 20 years and accepts the risk of unchlorinated water

BOWERS Courtney

Wakatipu

Summary

Notes that the Queenstown Mountain Bike Club has made many trails in the area and helped make Queenstown a mountain biking destination. Requests that the club be supported financially. Concerned at the amount of stormwater runoff into the lake. Suggests more rubbish bins and collections especially at the Park St and Frankton track areas.

BOYER Jo

Wakatipu

Summary

Request for funding for Queenstown Mountain Bike Club to build and maintain trails in the area.

BOYER Jo

Wakatipu

Summary

Notes that the Queenstown Mountain Bike Club has made many trails in the area and helped make Queenstown a mountain biking destination. Requests that the club be supported financially.

BRADLEY Sue

Wakatipu

Summary

Against chlorination of Glenorchy water supply and asks Council to listen to the communities wishes. Suggests another passing by on road between Bennetts Bluff and Queenstown. Requests better cleaning and maintenance of Glenorchy and its reserves

BRADSHAW Erik

Wakatipu

Summary

Against chlorination for Arrowtown water supply as there is no evidence of a current risk. Supports proposal for cheap public transport and suggests a direct Arrowtown to Queenstown service

BREITENBERGER Gorettie

Wakatipu

Summary

Against chlorination of Glenorchy water supply.

BRIMBLE John

Sport Otago

-

Summary

Submission thanks QLDC for its support and requests ongoing future funding of \$35,000. Describes the role of Sport Otago and the work it is currently involved in. Submission outlines the key achievements of the past year. Please see full submission for all details

BRIMBLE John

Sport Otago and Sport Central

-

Summary

Proposal to establish a jointly funded role servicing the Queenstown Lakes District. This would be in addition to the current grant to Sport Central. Submission outlines the details including the proposal, contributions and benefits. Please see full submission for details

BROWN Alison

Guardians of Lake Hawea

-

Summary

Submission requests allocation of funding for toilets on SH6, Lake Hawea. The proposed locations are The Lake Hawea Lookout car and bus park , The Isthmus Peak track car park and The Neck Lake Hawea lookout car and bus park. Submission includes letters to the CEO and a map of proposed locations. Please see full submission for details.

BROWN Chris

Wakatipu

Summary

Asks for a footpath at Ferry Hill Drive for safe crossing of Tucker Beach Road for Quail Rise residents. People currently using a steep, grassy verge that is not safe.

BROWN Darrin

Wanaka/Upper Clutha

Summary

Had no issues with the current treatment of the water at Lake Hawea.

BROWN Kelly

Wanaka/Upper Clutha

Summary

Have had no issues with current treatment of the Hawea water supply.

BROWN Nick

Wanaka/Upper Clutha

Summary

Supports one council building and suggests it be in Frankton with small office in Queenstown. Does not support a convention centre. Comments that savings and continued levels of service promised in the organisation review have not occurred therefore supports proposed increase in staffing.

BROWN Sararose

Wakatipu

Summary

Enjoys the trails in the area built by the Queenstown Mountain Bike Club and supports the clubs request for funding.

BROWNIE Tim

Glenorchy Hotel

Wakatipu

Summary

Against chlorination of Glenorchy water supply. Notes they have their water tested every two weeks by an independent testing company and they have not had issues. Will disconnect from the Council supply if chlorination goes ahead.

BRUIN Jakobien

Wakatipu

Summary

Against chlorination of Glenorchy water supply

BRUMLIKOVA Abby

Wakatipu

Summary

Notes there are no parks in area fenced for toddlers. Suggests the toddler area of new Bathhouse playground be fenced and suggests a place to tie dogs up away from the park benches

BRYSON Jim

Wanaka/Upper Clutha

Summary

Against chlorination of Luggate water supply and that Council has no right to do so. Happy with passive methods of treatment. Comments that funding needs to be allocated to ensure Luggate Hall can continue to be used. Notes that Council holds \$250,000 from original developer in Luggate for upgrade of water supply and suggests this be used to increase the number of reservoir tanks to deal with increased population.

BUIST Claire

Shotover School

-

Summary

Suggests some traffic solutions for the safety of their students. Suggests school zone signs, an increase of crossing points on Jones Avenue, a Kea crossing on Stalker Road and assistance from Kirsty Barr to work on road safety and travel education. Please submission for details.

BURNETT Zak

Wakatipu

Summary

Encourage biking for commuting by providing safe sealed cycle lanes from Arrowtown, Arthurs Point and Frankton then provide safe areas to lock bikes

CALDWELL Regan

Wanaka/Upper Clutha

Summary

Suggests signage around cycle safety and NZ cycling rules to help educate visitors in town.

CAMILLACCI Marco

Wakatipu

Summary

Nothing written

CARLSON Adam

Wakatipu

Summary

Requests funding for Queenstown Mountain Bike Club. Suggests more trails could spread the use and reduce maintenance issues. Suggests \$80,000 similar to other regions support

CARLSON Adam

Wakatipu

Summary

Submitter questions why water is to be chlorinated when a UV filter was installed 2 years ago. Proposes that Council look at the issue of water hardness at Arthurs Point rather than chlorinate.

CARLSON Connie

Wakatipu

Summary

Does not agree with chlorination of water supplies and the knee jerk reaction to Havelock North.

Comments that the special housing areas are not dealing with housing issues with houses in these areas not affordable at all. Suggests a bylaw similar to Whistler to stop massive rent increases.

CARR Colleen

Wanaka/Upper Clutha

Summary

Detailed submission against chlorination of Hawea water supply and notes that the community wants chlorine-free water. Questions why the Upgraded UV system is not enough and notes the community is willing to accept temporary chlorination for outbreaks. Rejects Councils reasons for chlorination. Requests better dialogue and ongoing discussion between the community and Council on the issue.

CARR Errol

Wanaka/Upper Clutha

Summary

Detailed submission against chlorination of Hawea water supply and notes that the community wants chlorine-free water. Questions why the Upgraded UV system is not enough and notes the community is willing to accept temporary chlorination for outbreaks. Rejects Councils reasons for chlorination. Requests better dialogue and ongoing discussion between the community and Council on the issue.

CARRIZALES Omar

Wakatipu

Summary

Notes that the Queenstown Mountain Bike Club has made many trails in the area and helped make Queenstown a mountain biking destination. Requests that the club be supported financially.

CARSWELL Ian

Wakatipu

Summary

Requests funding for Queenstown Mountain Bike Club

CASSELLS jay

Friends of the Wakatipu Gardens and Reserves

Wakatipu

Summary

Asks for provision for review of all the requirements of the Gardens and all reserves, adequate budgets for the Gardens (priorities are toilets and monitoring), creation of new reserves and parks, further 150th celebrations of the Gardens, provision for decisions made in any plan with regards to parking, traffic, public transport and cycling. Please see full submission for details

CASTLES norm

Wanaka/Upper Clutha

Summary

Nothing written in submission

CECI Tim

Wakatipu

Summary

Mountain biking and biking brings revenue to Queenstown and council needs to get behind it and increase the number of trails. Desperately need a BMX track

CHAN maisy

Wakatipu

Summary

Suggests a slide in the toddler area and notes that a rope climbing frame is difficult for pre-schoolers and not practical when wet. Suggests a wooden climbing frame with a roof

CHANEL Rosemary

-

Summary

Detailed comments against rising rates costs and that it is unfair to expect a small ratepayer base to continually fund improvements and infrastructure for a growing number of visitors.

CHAPMAN Paul

Wakatipu

Summary

Comments around the risk, information and consultation around chlorination of Glenorchy water supply. Comments the area is of low risk to contamination and suggests protecting the water supply around the well area. Notes that the 2003 Glenorchy water and sewerage feasibility study notes the bore depths differently to those quoted at the public meeting.

CHARTON Guillaume

Queenstown Climbing Club

Wakatipu

Summary

Comments on the qualities and benefits of the Remarkables mountain range and surrounding areas. Notes it is unique and should see a higher level of protection. Comments that NZSki should be contained to their present area to prevent further damage.

CHARTON Guillaume

Queenstown Climbing Club

Wakatipu

Summary

The club asks Council to prevent any further development by NZSki into the Doolans and Wye Creek area to protect the area, its flora and fauna and recreation values.

CHINN Barbara

Wanaka/Upper Clutha

Summary

Feels consultation with the Hawea community has been inadequate. Notes that the new system will meet standards if the bores are made secure and asks for this to be done. Accepts temporary chlorination if necessary and requests the water be regularly.

CHRISTENSEN Leif

Wakatipu

Summary

Asks for more financial support for the Queenstown Mountain Bike Club. Notes that mountain biking in the area showcases the region and more could be done with better support.

CLARBROUGH ben

Wakatipu

Summary

Nothing written

CLEARWATER Daniel

Wanaka/Upper Clutha

Summary

Comments on the qualities and benefits of the Remarkables mountain range and surrounding area. Notes that is a special and unique area that needs protection. Comments that NZSki should be contained to their current area to prevent further damage.

CLOWES Hannah

Wakatipu

Summary

Supports public transport initiatives, chlorination proposals and one office for Council. Notes that affordable housing initiatives need to be around smaller and higher density such as other ski areas such as Colorado. Against any more large scale low quality subdivision development. Talks about where the tipping point is for how many people and visitors are enough and asks for a long term vision for the District.

CLOWES Josh

Wakatipu

Summary

Comments that Queenstown mountain biking tourism has increased and most of the trails that draw people in have been created by volunteers. Compared to other centres Queenstown has not provided much funding for trails above the valley floor. Suggests this should be a focus for QLDC and funding be allocated to expand the current network of trails.

COATES Naomi

Wakatipu

Summary

Against chlorination of Glenorchy water supply

COATES Naomi

Wakatipu

Summary

Against chlorination of Glenorchy water supply

COATES Scott

Wakatipu

Summary

Against chlorination of Glenorchy water supply. Suggests it is a waste of rates

COBURN Mike

Jacks Point Residents and Owners Association

-

Summary

Detailed submission gives background of the association and of Jacks Point. Supports the QLDC and ORC proposed public transport initiatives especially the inclusion of Jacks Point. Suggests the services be frequent and cover the whole day and evening to be genuinely convenient

COBURN Mike

Jacks Point Village Holdings Ltd

Summary

Gives the background of Jacks Point development. Supports the QLDC and ORC proposed public transport initiatives especially the inclusion of Jacks Point. Suggests the services be frequent and cover the whole day and evening to be genuinely convenient

COE Michelle

Queenstown Chamber of Commerce

Summary

Detailed submission covering Rates Review/Funding, Public Transport /Congestion/Town Centre Master Plan, Worker Accommodation/Affordable Housing, Council Offices, Fire Brigade, and Sister City. Requests Council continues to support the sister city initiatives and contribute \$10k from the 2017/2018 annual plan. Please see full submission for all details.

COERS John

Wanaka/Upper Clutha

Summary

Submits that Ballantyne Road needs to be sealed urgently and notes the increased use of the road. Requests funds be allocated to seal the road.

COLEMAN Caroline

Wakatipu

Summary

Supports Queenstown Mountain Bike Clubs submission for funding for more trails and supports the work they have done. With more funding and support the area could become a world class mountain biking destination

COLEMAN Nick

Queenstown Mountain Biking Club

Wakatipu

Summary

Detailed submission outlining the clubs history and work in the district. Notes that they have a strong volunteer base which they have used to build most of the tracks. Club has plans for more trails on Ben Lomond that will keep Queenstown as a mountain biking destination. Requests support from Council of \$100,000 for these new trails and notes that many councils financially support mountain biking with similar amounts. Please see full submission for all details and attachment for trail details

COLEMAN Nick

Wakatipu

Summary

Detailed comments on the benefits of having Queenstown as a mountain biking destination and the need for more trails for mountain bikers. Notes the Queenstown Mountain Bike Club could build more trails if they had better funding. Requests funding for Queenstown Mountain Bike Club.

COLLIER Simone

Wakatipu

Summary

Interested to see a new playground on Queenstown Bay

COLLINS liz

chalkydigits ltd

Wanaka/Upper Clutha

Summary

Request for designated street signage areas that we can let the public/community and tourists know of upcoming sales/events/promotions/local initiatives etc.

COLLINS Liz

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply noting it affects the family's eczema. Suggests it should be up to the community to decide

COLLINS Oanita

Wakatipu

Summary

Notes that the Queenstown Mountain Bike Club has made many trails in the area and helped make Queenstown a mountain biking destination. Requests that the club be supported financially.

COLLINS Oanita

Wakatipu

Summary

Against chlorination of Arthurs Point water supply. Would like residents to make the decision and not be forced by Council. Notes Havelock North issue was different as it involved intensive farming of cattle. Suggests Council look at improving security of network post UV to minimise recontamination.

COMMUNITY Gibbston

Gibbston Community Association

Wakatipu

Summary

Association supports the protection of the Gibbston Character Zone and its rural character. Comments that affordable housing needs to be located near infrastructure such as public transport.

COPPER David

Federated Farmers

-

Summary

Detailed submission covering multiple topics and notes that they are interested in engaging with Council on key issues for the 10 year plan. Topics discussed include proposed additional spending and rates increases, water quality, roading congestion, infrastructure, spreading the cost, pest management, housing affordability, sharing the costs, the District Plan and the fees and charges review. Please see full submission for all details.

CORDELLE Stu

Summary

Requests funding for construction of a BMX racing track in Lake Hayes Estate/Shotover Country area. Suggests it would be a drawcard for events and notes Cromwell and Alexandra have good ones to compare to.

COTTER Elmo

Outside Sports

Wakatipu

Summary

nothing written

COTTER James

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply and feels community has not been consulted with. Rejects Councils reasons for chlorination.

COUNSELL Lisa

Wakatipu

Summary

Comments on traffic congestion, keeping town centre for locals not just tourists and keeping infrastructure inline with requirements

COUSINS Jeanette

Wanaka/Upper Clutha

Summary

Concerned about chlorination of water supplies especially Hawea water supply. Notes the Hawea community does not want it and that chlorine is a toxin

COUTTS oliver

Wakatipu

Summary

nothing written

COUTTS oliver

Wakatipu

Summary

Mountain biking is important to the community and brings visitors to Queenstown. New trails are needed and asks Council to financially support the Queenstown Mountain Bike Club

COWIE Aaron

-

Summary

Detailed planning suggestions around density and scale to help deal with growth and housing. Suggests looking at other small resort towns and things like limiting the number of holiday homes allowed. Suggests limiting the number of people allowed per room, increasing pedestrianisation and better public transport. Also suggests a town planner and restricting the rate of growth.

COX Craig

Wakatipu

Summary

Request for funding for Queenstown Mountain Bike Club to build and maintain trails in the area.

COX Mike

Wakatipu

Summary

Notes that the Queenstown Mountain Bike Club has made many trails in the area and helped make Queenstown a mountain biking destination. Requests that the club be supported financially.

CROFUT-BRITTINGHAM Amelia

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply and concerned that Council is not listening to the communities wishes.

CUNNINGHAM Paul

Hawea Community Association Ltd

Wanaka/Upper Clutha

Summary

duplicate

CUNNINGHAMOVA Radka

Wakatipu

Summary

Against chlorination of Glenorchy water supply

DARBY John

Jacks Point Developments Ltd

-

Summary

Gives background on Jacks Point. Supports the QLDC and ORC proposed public transport initiatives especially the inclusion of Jacks Point. Suggests the services be frequent and cover the whole day and evening to be genuinely convenient

DAVIES John

Wakatipu

Summary

An avid mountain biker and notes that the Queenstown Mountain Bike Club has made many trails in the area and helped make Queenstown a mountain biking destination. Requests that the club be supported financially.

DAVIS Corrine

Wakatipu

Summary

Against chlorination of Glenorchy water supply

DAVIS Thor

Wakatipu

Summary

Against chlorination of Glenorchy water supply

DE ROSA Jonathan

Wakatipu

Summary

nothing written

DE VRIES Emil

-

Summary

Nothing written

DEDO Kathy

Summary

Supports the submission by the Wanaka Primary School Board of Trustees in regards to road safety and walkways and cycleways

DEDO Kathy

LINK Upper Clutha

Wanaka/Upper Clutha

Summary

Detailed submission outlining the background of LINK and their goals. Requests \$4,000 from council for the LINK contestable fund that enables and support community-led initiatives. Requests \$4,000 from Council to help fund a project around community education in the area of communication. Please see full submission for all details

DEDO Kathy

LINK Upper Clutha

Wanaka/Upper Clutha

Summary

Supports the Council proposal to create a Community Services Manager position and are open to working with Council on this. Detailed comments and background on the groups engagement project and attached a summary of their findings. Would like to meet with elected members to discuss how their findings can help with Councils decision making

DEKKER Percy

Wanaka/Upper Clutha

Summary

Against chlorination of Luggate water supply. Only agree to temporary chlorination in the case of a contamination event. Agrees with a tourist tax and suggests freedom campers should apply and pay for a permit.

DENMEAD SHEENA

Wakatipu

Summary

Mountain biking is important to the community and brings visitors to Queenstown. New trails are needed and asks Council to financially support the Queenstown Mountain Bike Club

DESSY-MOORE Lisa

Wakatipu

Summary

Detailed comments that parking is increasingly difficult in town. Suggests that the Council car parks in Boundary Street, Ballarat Street and McBride street become multilevel parking buildings.

DETHLEFSEN Eva

Wakatipu

Summary

Request for funding for Queenstown Mountain Bike Club to build and maintain trails in the area.

DEVANTIER Luke

Wakatipu

Summary

Would like funding for mountain biking. Supports proposed \$2 bus fares.

DICK Brent

-

Summary

Comments against chlorination of Arrowtown water supply and that there needs to be separate consultation on the issue.

DIMMOCK Chelsie

Wakatipu

Summary

Requests funding for growth and upkeep of mountain bike trails in the wakatipu

DOLAMORE Norman

Wakatipu

Summary

Suggests that if the water taxi fare was \$5 one way it would get used more often. Suggests a parking building is needed in town preferably at Boundary St carpark with an area to accommodate campervans and coaches as well. It could be multi level with offices at the top. Submitter acknowledges it would be costly but it needs to be done. Asks for aggressive enforcement against coaches parking overnight and for excessive engine running.

DOOLEY Ronan

Wakatipu

Summary

Comments that Queenstown Mountain Bike Club and volunteers have worked hard on trails that have put Queenstown on the map in terms of mountain biking. Requests funding for the club to continue their work

DORSEY Anna

Wakatipu

Summary

Concerned about difficulty of finding parking during the end of school hours and urges a change to address this. Supports \$2 bus fare model and suggests good park and ride for those not near a bus route. Supports playground proposal but notes that parking needs to be addressed otherwise only visitors will be able to use it.

DOUGLAS Meryn

Wakatipu

Summary

Against chlorination of Glenorchy water supply.

EAGLESFIELD Will

Summary

-

ECKFORD Ian

Wakatipu

Summary

Would like to see more progress on Hawthorne drive and notes the \$600,000 for the bus service would be better spent on completing Hawthorne Drive. Suggests a roundabout/intersection upgrade at the developers cost should be part of the Queenstown Country Club consent

ELLIOTT Jocelyn and Rod

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply and notes that the community wants chlorine-free water. Questions why the Upgraded UV system is not enough and notes the community is willing to accept temporary chlorination for outbreaks. Rejects Councils reasons for chlorination.

ENGLISH Elisabeth

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply and notes that the community wants chlorine-free water. Questions why the Upgraded UV system is not enough and notes the community is willing to accept temporary chlorination for outbreaks. Feels community has not been listened to.

ESTERHUYSE Cobus

Wakatipu

Summary

Notes that the Queenstown Mountain Bike Club has made many trails in the area and helped make Queenstown a mountain biking destination. Requests that the club be supported financially.

EVERATT Rachel

Wakatipu

Summary

Against chlorination of Arthurs Point water supply

EVRARD Matthew

Wanaka/Upper Clutha

Summary

Requests that more funding be allocated to researching, monitoring and repairing the districts waterways. Suggests focus be on quality buildings rather than larger poorly built ones.

FAIRMAID Shane

Riverton Queenstown Limited

Wakatipu

Summary

Detailed comments on the definition and application of multi unit residential developments in the policy on development contributions. Provides arguments why it should be changed in regards to their Arthurs Point Bullendale development. Please see full submission for details

FALLON Patrick

Wakatipu

Summary

Mountain biking is important to the community and brings visitors to Queenstown. New trails are needed and asks Council to financially support the Queenstown Mountain Bike Club

FARMER Bruce

Wakatipu

Summary

Does not agree with the proposed waste water treatment process and requests one that is more affordable and sustainable. Requests justification of the chlorination proposal based upon a full risk assessment and the consideration of other methods and technologies that are more sustainable.

FARR Jared

Wakatipu

Summary

Loves Queenstown's mountain bike trails and thinks they should be expanded. Compares Rotorua tracks to Queenstown's and suggests more trails and different types of trails could bring more biking visitors to town

FARRIER Michael

Wakatipu

Summary

Feels visitors should pay in some way for the facilities they use. Doesn't agree with new Arrowtown toilet location. Agrees with chlorination of Arrowtown water supply and suggests a tap supplying unchlorinated water for those that want it. Supports one council office but it should be in Frankton. Suggests funding to level out the Buckingham Green and potentially a stage/rotunda. Suggests review and maintenance or upgrade of the footpaths in Arrowtown and their lighting.

FERNANDEZ Aaron

Alta

Wakatipu

Summary

Comments that mountain biking is important to their business and the local community. Requests financial support for the Mountain Bike Club noting Rotorua makes more money on biking than forestry.

FERRIS Paul

Wakatipu

Summary

Comment that a small capital cost could upgrade most Glenorchy residents sewerage schemes without the need for a big system that would become a burden on the small number of ratepayers

FINDLAY Sandra

Wanaka Swim Club

Wanaka/Upper Clutha

Summary

Raises concerns about cycle and walkway access for their swimmers from the Wanaka schools to the new aquatic facility. Notes that the roads around the area are very busy and safe ways are needed for the kids to get to and from the pool

FLUKER Kate

Wakatipu

Summary

Suggests supporting the mountain bike club to support a growing industry

FONG Lynly

Wakatipu

Summary

Suggests it is fairer to levy visitors rather than push rates up higher and higher.

FORSYTH Jane

Wanaka/Upper Clutha

Summary

Supports Queenstown transport proposals though they are overdue. Asks for similar be considered for Wanaka.

Against chlorination of Hawea water supply and does not accept it is necessary. Suggests fixing issues of reticulation rather than chlorination.

FRANK Diego

Summary

QMTBC

FRASER Paul

Wakatipu

Summary

Against chlorination of Glenorchy water supply. Suggests no more spending on the proposed wastewater scheme until plan change 6b comes into effect

FRASER Trish

Sustainable Glenorchy

-

Summary

Detailed submission covering three topics; Against chlorination of Glenorchy water supply and asks the decision be set aside, request for funds to be set aside to complete the Peninsula Reserve Management Plan, request funds be set aside for monitoring of water use within the township (specifically all large businesses to be monitored) and a counter be placed in the public toilets. Please see full submission for all details.

FRASER Trish

-

Summary

Agrees with upping levels of service and notes some areas in Glenorchy that need better service. Against chlorination of Glenorchy water supply. Discusses spreading the cost of the proposed wastewater scheme for Glenorchy and general water costs across the district. Suggests installing water meters in Glenorchy to gauge consumption before working on the wastewater scheme for Glenorchy.

FREEDMAN Amy

Wakatipu

Summary

FREW Amber

Wakatipu

Summary

Against chlorination of Glenorchy water supply. Questions if there are records of the town water supply being contaminated in the last 10 years

FULFORD Duncann

Wanaka/Upper Clutha

Summary

Short comment on affordable housing and funding for the Queenstown Mountain Bike Club

GALAVAZI Tony

Wakatipu

Summary

Notes that the Queenstown Mountain Bike Club has made many trails in the area and helped make Queenstown a mountain biking destination. Requests that the club be supported financially.

GALLEY Martin

Disc Golf Wanaka Incorporated

Wanaka/Upper Clutha

Summary

Detailed submission that proposes a 9-hole disc golf course at Faulks Terrace Reserve, Wanaka. Request for \$10,000 to fund equipment for the course. Provides detailed background, explanation, project outline and benefits. Please see full submission for all details

GAPPER Eddie

Wakatipu

Summary

Would like more investment in infrastructure for biking; transport and recreation to encourage the shift from cars to bikes

GARDEN Richard

Wakatipu

Summary

Against chlorination of Arthurs Point water supply. Notes the current system is working and there is low risk from contamination.

GARDINER Roger

Wanaka Residents Association

Wanaka/Upper Clutha

Summary

Funding application to QLDC for .2 of a FTE, to cover the Saturday supervision of Correction Offenders for Community Projects. In particular the Fish & Game wetland restoration and pathway construction project.

GARDINER Roger

-

Summary

Frustrated at the way Annual Plan information is presented. Comments that represents businesses that have been engaging with Council on the Wanaka Lakefront Development Plan and could not find any reference to funding or commitment to this in the annual plan documents. Questions if there is funding for the lakefront in the plan. Comments that the plan lacks actual details and suggests specific items of proposed expenditure exceeding \$20,000 be included as a separate line item. Specific Wanaka items could be in a separate table.

GARDINER Rupert

Wakatipu

Summary

Comments on the qualities and benefits of the Remarkable mountain range and surrounding area. Comments that NZSki needs to be contained to their current area to prevent further damage to the area so it is not lost to future generations.

GARDINER Rupert

Queenstown mountain bike club

Wakatipu

Summary

Queenstown Mountain Bike Club needs financial support from Council to maintain and build tracks.

GARLICK Fiona

Wakatipu

Summary

Against chlorination for Arrowtown water supply

GEBBIE Joel

Wakatipu

Summary

Suggests visitor levy would help contribute to the amount of development happening. Does not object to rates increase

GILLIES Tina

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply.

GILMOUR Finlay

Wanaka/Upper Clutha

Summary

Notes the Hawea community does not want chlorinated water and believes the current system is adequate. Suggests increasing testing rather than chlorinating. Agrees with the Hawea Community Association submission.

GLADDING Niki

Wakatipu

Summary

Notes that each community should be assessed and consulted with separately for the need for chlorination. Notes factors that determines Glenorchy water is low risk and suggests that monitoring and maintenance could be more appropriate. Suggests that as the community want clean water than provide them with the costs to keep it that way and let them decide. Also comments that the proposed waste water scheme should be delayed until plan change 6b is operative and funding should be allocated to monitor water use and discharges.

GLISON Aimee

Wakatipu

Summary

Mountain biking is important to the community and brings visitors to Queenstown. New trails are needed and asks Council to financially support the Queenstown Mountain Bike Club

GLOVER John

Wakatipu

Summary

Against chlorination of Glenorchy water supply without site specific assessment of all risks and evaluation of options

GLOVER Toni

-

Summary

Asks to establish if there is a need before chlorinating. Supports proposal of a wastewater system that will be costed across the whole district. Supports streamlining of the transport system. Comments on the need for better infrastructure on the lake and a jetty and boat service for Glenorchy.

GOLDEN Anita

Shaping our Future

-

Summary

Detailed submission including forward perspective for the end of the financial year and the Strategic Plan for 2017/18. SOF requests a grant of \$60,000 for Forum support and an increase in Executive Services. Please see full submission for details

GOLDSMITH Warwick

Hansen Family Partnership, FII Holdings Limited & Universal Developments Limited

-

Summary

Detailed submission that requests that the Council includes in the Annual Plan provision for the initiation and completion of a road designation procedure linking the EAR Roundabout with Ferry Hill Drive in Quail Rise; and that the Council amend the Annual Plan, and if necessary the Ten Year Plan, to provide for the implementation of this roading link once the designation process has been completed. Please see full submission for all details.

GOLLOP Ronda

Wakatipu

Summary

-

Summary

Detailed comments on general infrastructure, water supply, wastewater, stormwater, transport, waste management, Community services and facilities, regulatory functions and services, environment, economy, smokefree 2025, opportunities for active transport, building community food resilience, health in all policies and fluoridation. Please see full submission for all details

GRAY Lester

Wakatipu

Summary

Suggests engaging the community in a reasoned debate about the scale and future of growth before the area is destroyed. Suggests funding the Queenstown Mountain Bike Club as a way of getting cars off the road and people on bikes.

GREEN Margaret

Wakatipu

Summary

Proposes funding support for the Queenstown Mountain Bike Club noting the high class trails they have created mostly by volunteer work

GREEN Philip

Wakatipu

Summary

Asks council to play a role in the conservation of the Remarkable conservation area including Wye Creek and the Doolans. Notes NZSki wish to develop more into these areas. Believe they should have better protection due to their unique status and asks Council to do what they can through the District Plan.

GREEN Philip

Wakatipu

Summary

Asks for widening of roads for increased safe cycling areas and low cost parking at the airport

GREENE Erin

Wakatipu

Summary

Suggests affordable housing, an increase in parking and better network of walking and cycle trails

GRIFFITH Jeffrey

-

Summary

Suggests rates should be increased in high financial return areas to stabilise growth. Suggests looking at current growth and whether it should continue. Gives examples of bad growth issues. Comments that the Rowing Club rooms in Wanaka should not go ahead and Scurr development should not have been allowed.

GUERREIRO Edward

Wakatipu

Summary

Suggests additional funding for mountain biking and biking events could help tourism in the area. Suggests better funding for the bike festival

GUIHEN Avril

Wakatipu

Summary

Notes that the Queenstown Mountain Bike Club has made many trails in the area and helped make Queenstown a mountain biking destination. Requests that the club be supported financially.

GUY Shelley

Wakatipu

Summary

Against chlorination of Glenorchy water supply. Comments that the community needs help with infrastructure such as toilets due to increases in tourism to the area. Suggests working with tour groups to educate around rubbish, waste, parking, DoC permits etc.

HALKETT leigh

Wakatipu

Summary

Requests financial support for the Queenstown Mountain Bike Club

HALL Anthony

Wakatipu

Summary

Request that an appropriate piece of QLDC land is set aside and a plan established to develop a Community Facility for the safe use of rifles. (Commonly known and referred to as a rifle range). Detailed explanation of the safety issues, needs, requirements and reasons for a range. Please see full submission for all details

HALL Ian

Wanaka/Upper Clutha

Summary

Comments that the proposed rate increase is unacceptable. Suggests Council should undertake a robust efficiency review to find significant savings to keep rate increases within a 2-3% range

HAMILTON Joanna and Scott

Summary

Against chlorination of Hawea water supply. Comments that the UV treatment facility was expensive but currently works. Asks Council to listen to the community and not chlorinate and work with the current UV system.

HANAN Dame Elizabeth

Wakatipu

Summary

Suggests planning for the intersection of McDonnell Road, Malaghans Road, Arrowtown-Lake Hayes Road and Berkshire Street due to increased traffic as well as the retirement village planned for McDonnell Road. Suggests current signage is inadequate and that a roundabout could help

HANNING Nicki

Wanaka/Upper Clutha

Summary

Against chlorination of water supplies and asks to leave it as is with the UV treatment system.

HANSEN Paul

Wakatipu

Summary

Against chlorination of Glenorchy water supply

HARDING-SHAW Dave

Wakatipu

Summary

Notes that the Queenstown Mountain Bike Club has made many trails in the area and helped make Queenstown a mountain biking destination. Requests that the club be supported financially.

HARKER Pip

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply. Feels they have been informed rather than consulted with. Comments that Council may have to chlorinate occasionally however the upgraded intakes have not failed yet so leave things be.

HARRIS Grant

Wakatipu

Summary

-

HARRIS Monica

Wanaka/Upper Clutha

Summary

More parking is needed in Wanaka and suggests making New World and Pembroke Park areas multi level parks. Suggests a crossing by Brownston St on the park side to the lakefront as people always crossing there.

Against chlorination of water supplies. Suggests planning better for growth in Wanaka as a lot of housing built but not a lot of commerce/jobs.

HARRIS Neville

Wanaka/Upper Clutha

Summary

Asks for any spending on Wanaka Foreshore Management Plan to be deferred as the plan should be reviewed. Comments that parking beside the lake is a tradition and removing the cars will create problems elsewhere. Leave the area in its natural state.

HASSELMAN Amanda

Summary

Comments on the value and privilege of having untreated water. Suggests exploring other options such as making the bores deeper and upgrading reticulation

HASSELMAN Mark and Amanda

Wakatipu

Summary

Supports public transport, negotiating for a tourist tax, a Town Centre Master Plan, planning for Glenorchy town centre, spreading the cost for small communities and funding community groups to reach environmental goals. Does not support chlorination of small community water supplies.

HAWKINS David

Wanaka/Upper Clutha

Summary

Asks Council to think again about chlorination of Hawea and Luggate. Suggests investing in improvements to infrastructure to minimise the low risk of contamination of the water supplies. Follow lead of Christchurch and other countries around the world protect acclaimed good water.
Asks for funds to be set aside to make the Luggate Hall earthquake safe as there is no other suitable building in the community.

HEATON John

Wanaka/Upper Clutha

Summary

Detailed comments around chlorination and asks for more investigation of options. Suggests investigation to rectify all bore heads in the district. Found the communication around the Summer chlorination was inadequate and makes suggestions for improvement. Comments on how to share the cost of tourism.

HEAZLEWOOD Graeme

Wakatipu

Summary

Against chlorination of Arrowtown water supply and asks for a full investigation. Detailed comments on the testing and standards applied as submitter works for a water testing company

HEBBARD Bruce

Albert Town Community Association

Wanaka/Upper Clutha

Summary

Requests funding be set aside for investigation of safety issues around Alison, Avenue, Gunn Road and Hikuwai Road and any remedial work required. Requests funding for toilets at the Albert Town end of the Wanaka Track. Suggests improving access up the steps at the Albert Town Bridge between the upper and lower terraces. Requests current level of funding be retained for the Albert Town lagoon. Requests further funding be allocated to complete Albert Town footpaths especially Kingston Street. Requests funding to complete kerb and channelling of Alison Avenue. Asks for \$5k community grant to be continued.

HEEZEN Gerrit

Wakatipu

Summary

Does not agree with subsidised bus fare as believes it will only support visitors. Notes that many workers finish late and the bus service does not run at those times. Suggests Queenstown plan further out than 10 years and look at growth, transport, and securing land for these things in the future

HELMORE James

Lake Wanaka Tourism

Wanaka/Upper Clutha

Summary

Detailed submission covering Destination management, Infrastructure facilitation, Events programming, Measuring visitor satisfaction, Off peak marketing, Regional development & tourism, Enabling airport & port facility development and Sustainable tourism positioning. Submission outlines work requested underneath these topic areas. Please see full submission for all details.

HELMORE Susan

Wanaka/Upper Clutha

Summary

Detailed submission including photos addressing the issues of freedom camping and the rubbish and waste they create. Asks Council to do more to regulate this and address the issues they are creating around clean water, waste, rubbish and overuse of infrastructure.

HENDERSON Amanda & Dugald

Wanaka/Upper Clutha

Summary

Disappointed at Councils reasoning as to why the Hawea water supply should be chlorinated. Notes the UV system and new intakes keep the water clean. Accept the need for temporary chlorination when bacteria is found during sampling.

HENDERSON Darrell

Wakatipu

Summary

Against chlorination of Arthurs Point water supply

HENDREN Jan

Wakatipu

Summary

Against chlorination of Glenorchy water supply

HENSMAN Grant

Wakatipu Wilding Conifer Control Group

Wakatipu

Summary

Detailed submission outlining the history and purpose of the group, and the strategy and goals of the group. Requests that Council continue to annual increase funding of the wilding budget to a total of \$500,000. See submission for all details

HERVEY mark

ickworth nominees ltd

Summary

Comments about Monley Lane Wanaka, it's increased use and the potential risk to pedestrian safety

HEWITT Mary

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply and notes that the community wants chlorine-free water. Questions why the Upgraded UV system is not enough and notes the community is willing to accept temporary chlorination for outbreaks. Rejects Council's reasons for chlorination.

HEWLAND Steve

Glenorchy Community Association

Wakatipu

Summary

Detailed submission on Transportation (covering road safety priority issues and help to develop the town centre concept plan), Recreation (including funding for the swimming pool and resurfacing of the tennis courts), progressing the Glenorchy Waterfront Development Plan specifically the car parking area adjacent to the Lagoon Walkway, Wastewater and Water. Please see full submission for all details

HEY Tom

Wakatipu

Summary

Supports the Queenstown Mountain Bike Clubs plans for more trails. Comments that the current trails are high standard, well used and an attraction. Notes the large disparity in funding for mountain bike trails versus the trails trust and notes mountain bike trails are better value for money.

HILL ROHAN

LIFE EDUCATION TRUST-HEARTLAND OTAGO SOUTHLAND

Wakatipu

Summary

Trust comments that unprecedented growth in the district impacts on school rolls and therefore increases the demands places on the Trusts ability to deliver the programme to schools in the region

HINCH Sarah

Wakatipu

Summary

Against chlorination of Arthurs Point water supply. Notes the Arthurs Point community should make the decision not Council

HITCHCOCK Samantha

Wakatipu

Summary

nothing written

HOGG Brian

Wakatipu

Summary

Against ratepayer subsidy for public transport, suggest higher density housing to help housing issues, suggests building the town centre bypass to ease congestion

HOLDEN Rebecca

Wakatipu

Summary

Recommends a more holistic approach to growth in the district. Supports funding the key issues identified. Mountain biking is important to the community and brings visitors to Queenstown. New trails are needed and asks Council to financially support the Queenstown Mountain Bike Club

HOLLANDS Sarah & Andrew

Summary

Against chlorination of Luggate water supply

HOLLYER Matt

Wakatipu

Summary

Submission on behalf of group of Wakatipu sports groups requesting provision and support to determine a suitable area of land at the Events Centre to be designated for the purposes of a Shared Wakatipu Sports Clubrooms. Lists the clubs lending their support to the proposal. Explains the concept and a potential plan. Please see full submission for details.

HOLMES Jonathan

Wanaka/Upper Clutha

Summary

Suggests a mountain bike park at the Snow Farm and the development of a linking trail over Pisa range to Gibbston & Queenstown trails. Asks for electric vehicle charging stations and suggests recognising certification for passive houses.

HOLMES Jonathan

Wanaka/Upper Clutha

Summary

Requests a pathway between Lachlan Avenue in Hawea Flat to the Hawea River/Camphill Road as well as trees lining the roads entering Hawea Flat. Suggests a services level agreement with the lease of the Snow Farm specifying services such as maintenance of trails, summer events etc.

HOLST Muriel

Wanaka/Upper Clutha

Summary

Against chlorination for water supplies and suggests being progressive like Europe and use UV and ionisation systems instead. Also concerned at the use of Roundup in the district.

HONEYFIELD grant

Wakatipu

Summary

Notes that the Queenstown Mountain Bike Club has made many trails in the area and helped make Queenstown a mountain biking destination. Requests that the club be supported financially.

HOPKINS Alan

Wakatipu

Summary

Comments that bus proposal will not work as needs direct services rather than changing in Frankton. Comments on stormwater and other services for small communities and the need for more investment. Comments that HASHA is not working and suggests Council work with the large employers on staff housing. Suggests funding for the Queenstown Mountain Bike Club and building a playground at Shotover Country.

HORAN Christopher

Wanaka/Upper Clutha

Summary

Comments on low density urban sprawl particularly around Hawea and Hawea Flat. Suggests that that all arable land between Cemetery Road and Camp hill Road and the flats along the foot of the Grandview Range be protected in perpetuity.

HORAN Mandy

Wakatipu

Summary

Mountain biking is important to the community and brings visitors to Queenstown. New trails are needed and asks Council to financially support the Queenstown Mountain Bike Club.

HOSKIN Susan

Wanaka/Upper Clutha

Summary

Comments that chlorination of Hawea water supply is not necessary, not wanted by the community and not healthy. Keep it out of the water

HOULISTON Dean

Wakatipu

Summary

Requests funding for Queenstown Mountain Bike Club

HOWARD Andrew

Wanaka Primary School

Wanaka/Upper Clutha

Summary

Detailed submission outlining requests to improve cycleways and access to allow more students to walk or cycle to school safely. They would like Council to consider the following investments in the transport network for Wanaka:

1. Council to identify and budget for the implementation of arterial cycle and walkways in Wanaka.
 2. Aubrey Rd to be sealed as a cycleway/walkway
 3. A safe crossing of SH84 for school children to access the Recreation Centre and Swimming Pool.
 4. An arterial cycleway/walkway route that connects Aubrey Rd, School Precinct, and the Wanaka Recreation Centre/ Swimming Pool.
 5. Council to re-instate the arterial cycleway/walkway along Ballantyne Rd.
 6. The On Foot by Cycle Strategy 2008 to be updated and concrete action taken towards its implementation
-

HUGHES Roger

Wanaka/Upper Clutha

Summary

Request for funding for Queenstown Mountain Bike Club to build and maintain trails in the area. Suggests a similar amount to Timaru District of \$100,000.

HUGHES Craig

Summary

Notes that the Queenstown Mountain Bike Club has made many trails in the area and helped make Queenstown a mountain biking destination. Requests that the club be supported financially.

HUGHES Geoff

Routeburn Dart Wildlife Trust

Wakatipu

Summary

Explains the background and purpose of the organisation. Requests financial help from Council for the first year capital / investment costs for a donation of \$15,000. Provides a scoping report on the project that is endorsed by DoC. Enquires on Councils position around supporting/partial funding of larges scale ecological/species conservation projects and what conversations Council has with ORC on the same topic. Please see submission for all details

HYLAND aroha

Wakatipu

Summary

-

IBELL Joanna

Wakatipu

Summary

Against chlorination of Glenorchy water supply. Detailed comments on catchment, pipe and storage issues, the value of clean water and then need to protect the water in the area rather drop to lower standards of other less fortunate areas. Pleas see submission for all comments

INSLEY DEANA

Wakatipu

Summary

IRELAND Peter

Wakatipu

Summary

Comments that the plan fails to address issues for locals and they are the ones asked to pay with increased rates. Detailed comments on the need for better sustainable planning, suggests that public transport costs should come from tourists and rental companies, comments on the high cost of tourism and the need to work with Government to get a tourist tax, comments on the airports constant push for growth at the expense of the district.

IRWIN Sally

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply and notes that the community wants chlorine-free water. Questions why the Upgraded UV system is not enough and notes the community is willing to accept temporary chlorination for outbreaks. Rejects Councils reasons for chlorination.

IVA Amanda

Wakatipu

Summary

Mountain biking is important to the community and brings visitors to Queenstown. New trails are needed and asks Council to financially support the Queenstown Mountain Bike Club

JAFFRAY MURPHY Miira

Wakatipu

Summary

Opposes chlorination of Arthurs Point water supply.

JAMES Ross

Wakatipu

Summary

Against chlorination of water supplies especially when sufficient treatment systems already exist.

JENKINS Vicky

Arrow Bikes

Wakatipu

Summary

Is a business involved in mountain biking tourism and notes it is growing. Mountain biking is important to the community and brings visitors to Queenstown. New trails are needed and asks Council to financially support the Queenstown Mountain Bike Club

JENNINGS Kevin

Wakatipu

Summary

Nothing written

JEWELL Rob

Wanaka/Upper Clutha

Summary

Questions what exactly is being done to address issue of Lake snow noting there is no detail explaining it in the plan. Asks for the results of the trial at Outlet camping ground. Requests options asap on housing affordability and questions if there are any plans for boat launching facilities at Eely Point. Agrees with proposed rate increase and thanks Council for the new Wanaka Aquatic Centre

JOBINS Paul

Wakatipu

Summary

Supports proposed bathhouse playground. Questions that the plan appears to provide a cut from the Gardens to Marine Parade and suggests this could be used as a thoroughfare. Notes is a great design and deserves investment

JOHNSTON Wendy

Wakatipu

Summary

Supports proposal for public transport and working to keep waterways and lakes clean. Comments that affordable housing is a national issue and needs help from government. Against chlorination of Arrowtown water supply

JOHNSTON Wendy

Wakatipu

Summary

Comments on the qualities and benefits of the Remarkable mountain range and surrounding area. Comments that NZSki needs to be contained to their current area to prevent further damage to the area so it is not lost to future generations.

JOHNSTONE Helen

Wakatipu

Summary

Supports bus service from Jack's Point to Frankton

JOSHI niko

Wakatipu

Summary

Mountain biking is important to the community and brings visitors to Queenstown. New trails are needed and asks Council to financially support the Queenstown Mountain Bike Club

JOWETT Mary

Wakatipu

Summary

JOYNER Donna

Wakatipu

Summary

Against chlorination of Glenorchy water supply.

JULIAN Scott

Arrowtown Promotion and Business Association

Summary

Detailed submission covering topics of priority for the association Submission includes 2017 Strategic Plan and Annual Report. Submission comments on parking, toilets, lighting, shared use Buckingham Street and improved Ramshaw Lane, rubbish bins, representational review, renewal tree programme, commercial activities boundary, public transport, environment, history, ward representation, festivals/events, and CBD river interface. Please see full submission for all details.

KARLACH Jan

Wakatipu

Summary

Asks for funding for the Queenstown Mountain Bike Club to maintain and build more trails

KEARNS Brendan

Wanaka/Upper Clutha

Summary

Against chlorination of Luggate water supply. Notes their water supply on the low end of the scale for possible contamination. Suggests ongoing consultation with the community and investigation of alternatives. Gives a link and quotes from an article outlining alternative methods used in the Netherlands

KEEN Joshua

Wakatipu

Summary

KEENAN Liam

Wakatipu

Summary

Mountain biking is important to the community and brings visitors to Queenstown. New trails are needed and asks Council to financially support the Queenstown Mountain Bike Club

KELLY Christine

Wakatipu

Summary

Against chlorination of Glenorchy. Requests opening Sheil Street Glenorchy and forming the 20m unformed part of this legal road. Detailed comments on the increased traffic in the area and requests monitoring of the activity on the "No exit" Coll Street. See submission for details

KELLY Colette

Wanaka/Upper Clutha

Summary

Supports the submission by Wanaka Primary Board of Trustees particularly the emphasis on upgrading Aubrey Road thoroughfare. This must be a priority for safe pedestrian and cycling traffic.

KELLY Dan

Wakatipu

Summary

Suggests UV treatment of Glenorchy water supply instead of chlorination. Suggests opening a section of legal road on Shiel Street to ease congestion. Suggests a survey to assess how local communities feel about tourism levels and introducing a tourist tax. Suggests increasing the use of professional planners to process consents.

KENCHINGTON Wade

Wakatipu

Summary

Mountain biking becoming a reason for people to visit and move to Queenstown. Requests funding for the Queenstown Mountain Bike Club to grow the sport

KENNEDY Mandy

Queenstown Trails Trust

Wakatipu

Summary

Detailed background and explanation of the work of the trust to date. Requests funding for a master plan on connected commuter routes, provision for a business case on an off-road trail from Jacks Point to the Kawarau Bridge and funding for planning of an offroad trail from Arthurs Point to Tuckers Beach and Frankton. Makes comment on development contributions around trails and connectivity. Request for the \$75,000 grant continue for the coming year. See full submission for all details

KENNEDY David

Wakatipu

Summary

Mountain biking is a big part of life in Queenstown and more trails will attract more riders and visitors to the area. Suggests funding and supporting the Queenstown Mountain Bike Club and giving them more access to land to develop

KERR Jamie

Wakatipu

Summary

Request for funding for Queenstown Mountain Bike Club to build and maintain trails in the area.

KEY Evonne

Wakatipu

Summary

Comments in support of current untreated water at Arrowtown and questions that there must be some other method to protect against A Havelock North situation without using chlorine. Suggests more regular monitoring.

KEYS Raymond

Wakatipu

Summary

Notes that the Queenstown Mountain Bike Club has made many trails in the area and helped make Queenstown a mountain biking destination. Requests that the club be supported financially.

KING Alistair

Ignite Wanaka (Wanaka Chamber of Commerce)

Wanaka/Upper Clutha

Summary

Detailed submission outlining the background, objectives, strategic plan and activities of the CUBE. Request for funding of \$100,000 to support their operations for the coming year.

KING Loris

Wanaka/Upper Clutha

Summary

Detailed comments and suggestions covering reserves, sport and recreation, roading, drain gratings, speed limits, restricted parking, car parks, tourism, encroachments onto council land, mobile food stalls and Pembroke cemetery. Please see full submission for all details

KNIGHT Benji

Wakatipu

Summary

Requests funding for mountain biking and a community pump track in central Queenstown

KNIGHT Joanne

Wanaka/Upper Clutha

Summary

wrote Chlorination of water in Luggate

KNIGHT Simon

Wanaka/Upper Clutha

Summary

Against chlorination of Luggate water supply. Suggests using alternative methods to keep the water clean

KNOWLER Andrea

Wakatipu

Summary

Request for more funding for the Queenstown Mountain Bike Club to turn the area into a world class destination for biking

KO Patricia

Wakatipu

Summary

Against chlorination of Glenorchy water supply

KOCH April

Wakatipu

Summary

Against chlorination of Glenorchy water supply.

KUEGLER Scott

Wakatipu

Summary

Wrote recreation for children and adults

KUNATH Mark

Queenstown Gymnastics Club Inc

Wakatipu

Summary

Description of the club and their members and asks for help to find a suitable venue when the Wakatipu High School relocates in 2018

LAKE Lindsay

Wakatipu

Summary

Supports bathhouse playground proposal and likes the incorporation of the natural environment

LAMB Thomas

Wakatipu

Summary

Council should contribute to the Queenstown Mountain Bike Club as they have done a lot of work to make Queenstown an international mountain biking destination.

LANG Ania

Wakatipu

Summary

Requests recycling bins at the top and bottom of walkway that links Camp St to Coronation Drive noting that they are always overflowing (see photo).

LANGFORD Anna

Wakatipu

Summary

Comments that the Queenstown Bay playground is overdue for a makeover.

LANGFORD Martin

Wakatipu

Summary

Suggests updating the Queenstown Bay playground to be larger, modern and safe. Suggests seeking assistance from local tourism and having business themed playground equipment

LANGLEY John

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply as council has failed to describe the risk in quantitative terms. Asks specific questions on the risk.

LEDGERWOOD Jim

Summary

Concerned Wanaka ratepayers subsidising Queenstown's congestion issues. Suggests selling all Council offices in town and buy or lease in Frankton; better parking and it would ease congestion. Notes this could also be applied in Wanaka to buy or lease at Three Parks; better parking and cheaper land value.

LEE Jean

Wakatipu

Summary

Opposes chlorination of Arthurs Point water supply.

LEE Justine

Wakatipu

Summary

Understands the reasoning for chlorination but feels the risk to Arthurs Point is low. Suggest there are other more pressing things for Council to spend money on.

LEWERS Glyn

Frankton Community Association

Wakatipu

Summary

Detailed submission on the issues faced by the community stemming predominantly from growth and development. Detailed comments on transport, water quality, Frankton Beach project funding, Frankton Camping Ground, footpaths and cycle trails, McBride Street, Lucas Place, second bridge designation and the bathhouse playground.

LEWERS Glyn

Wakatipu

Summary

Comments about Opex and Capex budgeting targets. Due to increased pressures and growth recognises that recruitment will become an issue and suggests a scholarship fund for talented students from Wakatipu and Mt Aspiring colleges. This would look to have these graduates to be leaders with in QLDC and local government. Suggests funds be set aside to scope retrofitting existing 3 water infrastructure for potential seismic events.

LEWIS Gavin

Wakatipu

Summary

Mountain biking has potential to make Queenstown a world leader in the sport. Requests more funding for Queenstown Mountain Bike Club

LIECHTI David

Wakatipu

Summary

Suggests that instead of funding large profit driven events such as the Marathon the money should go to the Queenstown Mountain Bike Club.

LIND Myles

Wakatipu

Summary

Suggests the key to affordable housing is increased supply of smaller houses near jobs and transport links to help reduce household running costs. Comments that the Gibbston Character Zone needs to be protected noting that dense housing in the zone can not be allowed.

LLOYD Guy

Wakatipu

Summary

Supports proposal to increase bus service to include Jacks Point. Suggests having a better service later in the evening could help reduce driving after drinking. Suggests an hourly service from Jacks Point to the airport, Remarkables Park and into Queenstown

LLOYD Nigel

Wakatipu

Summary

Against chlorination of water supplies especially Arthurs Point and provides detailed comments and reasons as to why. Against ratepayer funded public transport system and suggests a significant portion be funded by visitor accommodation facilities and commercial ratepayers. Notes that the Queenstown Mountain Bike Club has made many trails in the area and helped make Queenstown a mountain biking destination. Requests that the club be supported financially.

LONG Kate

Wakatipu

Summary

Comments bus services and waste minimisation

LORENZI Carla

Wakatipu

Summary

Requests an update on when sewage will be in place for their land on Hampshire Street, Kingston

LUNDGREN Johanna

Wakatipu

Summary

Requests funding for Queenstown Mountain Bike Club

LUNDIN David

Wanaka/Upper Clutha

Summary

MACFARLANE Conor

Wakatipu

Summary

Queenstown Mountain Bike Club has achieved a lot through extreme volunteer work and could achieve a lot more if it received funding from Council.

MACKAY Jamie

Wakatipu

Summary

Nothing written

MACKAY Jamie

Wakatipu

Summary

Comments that existing network of trails are very well used and falling behind standards. Notes that Queenstown Mountain Bike Club uses donations and volunteers to do work and should be funded by QLDC

MACKENZIE Patricia

Wakatipu

Summary

Concerned that the Gibbston character zone is not given enough weight or protection. Opposes any future subdivisions or down-sizing of section size

MACKIE Ewan

Wanaka/Upper Clutha

Summary

MACLEOD Gillian

Wakatipu Heritage Trust

Wakatipu

Summary

Request for \$100,000 towards the restoration and re-use of Arranmore Farm Buildings in Grant Road. Submission describes the plan to advance the project and the potential uses of the restored building. Please see full submission

MACLEOD Ray

Wanaka/Upper Clutha

Summary

Comments that may have suffered from illness that could have been the result of the water supply. Therefore supports maintaining and improving the security of the Hawea water supply which includes chlorination if it is the best interests of the residents

MACNICOL Colin

Wakatipu

Summary

Suggests some work to upgrade the Village Green on Buckingham Street in Arrowtown. Suggests that the grass needs levelling as it is uneven and any stage placed on the green needs levelling to be used. Please see submission for full details

MANTHEY peter

Wakatipu

Summary

Comments that council reacting too late to issues of development and density. Questions why a ferry is not used as public transport for Jacks Point and Kelvin Heights. Comments that a tourist tax is a must.

MARSHALL Andrew

Summary

Notes that there is no real contribution by visitors to the costs of infrastructure in the region and that rates can not cover these costs. Comments that affordable high quality rental housing is necessary to retain workers in the region.

MARSHALL Peter

-

Summary

Comments and suggestions around parking and transport in Wanaka that focus on accommodation alternative methods of transport such as biking.

MARSHALL Phil

Wakatipu

Summary

Notes that the Queenstown Mountain Bike Club has made many trails in the area and helped make Queenstown a mountain biking destination. Requests that the club be supported financially.

MARSHALL-LEA Eve

Wanaka/Upper Clutha

Summary

Concerned about proposed chlorination of Luggate water supply. Concerned that appropriate information, facts, risks and alternatives have not been provided and should be given to the community.

MARTIN Katherine

Wakatipu

Summary

Detailed submission outlining support for public transport proposal, support for a visitor levy, support for harvesting the Coronet forest and support for a review of waste minimisation plans. Also submits on encouraging electronic invoicing, on litter management and fines, and a state of the environment review.

MARTIN Tom

Wakatipu

Summary

Request for funding for Queenstown Mountain Bike Club to build and maintain trails in the area.

MATHIESON Jessica

Wanaka/Upper Clutha

Summary

Against chlorination of water supplies due to concerns around long-term negative health side effects

MC KEOWN Aaron

Wakatipu

MCCARTHY Carly

Wakatipu

Summary

nothing written

MCCARTHY Nicky

Wanaka/Upper Clutha

Summary

Agrees that affordable housing is an issue. Against chlorination of Hawea water supply and that the community has invested in alternative methods. There has not been adequate consultation on this issue

MCCAUGHAN Bridget

Wanaka/Upper Clutha

Summary

Against chlorination of Luggate water supply and suggests a decent monitoring system would suffice.

MCCUTCHEON Tony

-

Summary

Does not agree with \$600,000 for the Bathhouse playground upgrade

MCDONALD Jenny

Wakatipu

Summary

Against chlorination of Glenorchy water supply and suggests upgrading the bore and pipes instead. Requests fast forwarding the widening of roads around the airport as congestion is a barrier to visitors. Suggests toilet facilities/systems to deal with increased visitor numbers rather than forcing ratepayers to pay for upgrading their systems.

MCEWAN Anthea

Wanaka/Upper Clutha

Summary

nothing written

MCEWAN Anthea

Wanaka/Upper Clutha

Summary

Detailed comments concerning the vision and future of the area of track between Stoney Creek and Edgewater. Notes and appreciates the work done to plant natives in the area but comments that the area has value to be kept as it is as an area that is visually beautiful full of autumn colour. Please see submission for details

MCFALL Dave

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply and that there is no need for it.

MCFARLANE Craig

Wakatipu

Summary

MCHOLM Amanda

Wanaka/Upper Clutha

Summary

Detailed submission against chlorination with detailed comments about the need to increase protection of water sources. Detailed comments around health concerns and issues from the Upper Clutha Transport Agri-Nutrient depot. Requests they be relocated away from residential areas and that there be investigations into the health and safety of the residents and their water and soil. Please see full submission for details.

MCINALLY Pete

Wakatipu

Summary

Requests more funds for support of the Queenstown Mountain Bike club for building and maintaining trails in the area

MCINTOSH Greg and Jill

-

Summary

Copy of Lake Hawea Community Association submission against chlorination of Hawea water supply. Detailed points covering the communities desire to keep the status quo, history of collaboration and consultation and views on Councils responsibilities.

MCINTYRE greg

Wakatipu

Summary

Requests funding for more single track mountain biking. Against chlorination of Arrowtown water supply

MCINTYRE Terryanne

Wakatipu

Summary

Supports public transport proposal

MCKAY Russell

Wakatipu

Summary

Positive comments about the plan itself. Concerned that freedom campers will move out to Jacks Point,; suggests heavy fines for non-abiding campers.

MCKENZIE Bruce

Wakatipu

Summary

Nothing written

MCKEOWN Ian

Wanaka/Upper Clutha

Summary

Comments on the proposal to add chlorine to the Hawea water supply

MCKONE Martin

Wanaka/Upper Clutha

Summary

Comments that affordable housing can only be addressed when the community is being paid living wages. Suggests better planning around new developments and the roading infrastructure required around them. Suggests free park and ride options and high frequency public transport to encourage use.

MCLEAN Phil

Summary

Requests funding for the Queenstown Mountain Bike Club to develop Queenstown as a mountain bike destination.

MCLELLAN Kirsy

Wakatipu

Summary

Against chlorination of Glenorchy water supply

MCLENNAN Catherine

Wakatipu

Summary

Against chlorination of Glenorchy water supply

MCLEOD Bruce

Wakatipu

Summary

Requests financial support for Queenstown Mountain Bike Club noting that their volunteer efforts have created many well used trails. Suggests a small amount of funding such as \$50,000 could adequately resource the club and its work.

MCLEOD Deborah

Arrowtown Swimming Club

Wakatipu

Summary

The Club would like the Arrowtown pool to be highly valued by the community and used more by more people. Notes the history of how the pool was commissioned, funded and completed in 1957. Suggests that if it were upgraded the current use could be increased from 2 months to 5 months

MCLEOD jane

Wakatipu

Summary

Suggests increasing rates on visitor accommodation to discourage rental accommodation moving to VA. Suggests public record of all VA properties and place for neighbours to inform QLDC of VA usage. Comments that anyone advertising on VA websites should pay commercial rates and up to them to prove it is less than 90 days.

Supports transport proposal but notes parking charges have to increase to encourage use

MCPHERSON Claire

Wakatipu

Summary

Against chlorination of Arrowtown water supply. Suggests the state of the pipes post UV need upgrading regardless. Clean, pure water one of the attractions of Arrowtown.

MCQUEEN Fiona

Wakatipu

Summary

Against chlorination of Glenorchy water supply. Would prefer vigilance around water quality and suggests Council provide public notification of water testing results every 3 months

MCTAVISH Sandra

Wanaka/Upper Clutha

Summary

Questions why it costs more for a consent for another kitchen in Wanaka than in Cromwell. Reducing the costs of consents could help the accommodation problem. Upset that community could not vote on issue of water bottling consent and that still talking about chlorination when the community does not want it

MCVICAR Rodney

Wakatipu

Summary

Positive feedback on the plan and the direction proposed.

MELHOP Scott

Wakatipu

Summary

Request for funding for Queenstown Mountain Bike Club to build and maintain trails in the area.

MICOUD Florence

Plastic Bag Free Wanaka

Wanaka/Upper Clutha

Summary

Explanation and background of the groups in Wanaka and the Wakatipu noting they organise community events, sell reusable merchandise (bags, bottles, etc) and promote waste reduction. Request for \$4,000 to fund events and promotion of the two groups for the year. Please see full submission for all details

MILLER cynarra

Wakatipu

Summary

Against chlorination of water

MILLER Dave

Wakatipu

Summary

Against chlorination of Arthurs Point water supply. Has included quotes from a google search on side effects of chlorine in drinking water

MILLER Tim

Wakatipu

Summary

Against chlorination of Arthurs Point water supply and asks for investigation of alternatives

MILLIKEN Debbie

Wakatipu

Summary

Against chlorination of Glenorchy water supply. Notes that consultation on the issue has been inadequate.

MOORE Marie

Wakatipu

Summary

Against chlorination of Glenorchy water supply

MOORE Tony

The Inside Line Ltd

Wakatipu

Summary

Mountain biking is important to the community and brings visitors to Queenstown. New trails are needed and asks Council to financially support the Queenstown Mountain Bike Club

MOORE Tony

Wakatipu

Summary

Requests funding for the Queenstown Mountain Bike Club as they have grown cycling and trail access for Queenstown

MORGAN Michael

Wakatipu

Summary

Against chlorination of Arrowtown water supply. Would like to see improvement of the UV system including better maintenance of the distribution system and identification of possible contamination points. Suggests subsidised filtration units should be offered if widespread chlorination occurs.

MORRIS Andrew

Wakatipu

Summary

Suggests traffic lights at the BP roundabout would alleviate congestion issues better than two-laning the road. Suggests a playground at Shotover Country is more of a priority than upgrading one that already exists.

MORTON Charlotte

Wakatipu

Summary

Detailed comments and suggestions on the waste management plan and recycling, accommodation and affordability, public transport, a tourist tax, and single use plastic. Please see full submission for all details.

MORTON Leeann

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply and notes that the community does not feel consulted with on the subject. Will accept temporary chlorination in case of contamination events but believes the current system and adequate maintenance and monitoring are sufficient.

MOSS STEVE

Wanaka/Upper Clutha

Summary

Against chlorination of Luggate water supply and concerned that Council is not exploring other options. Requests funds be put aside to ensure full reinstatement of the Luggate Hall if any works are required. Concerned that Luggate does not have a separate rating even though other smaller communities do. Comments about sewerage in Luggate and whether all households can be joined to Project Pure and whether Council will take over the Luggate Park sewerage ponds

MULGREW Bobbie

Wakatipu

Summary

Suggests infrastructure, town centre planning and public toilets are more of a priority for Glenorchy than chlorinating the water supply

MUNRO Craig

Wakatipu

Summary

Notes that the Queenstown Mountain Bike Club has made many trails in the area and helped make Queenstown a mountain biking destination. Requests that the club be supported financially.

MUNRO Trudi

Wakatipu

Summary

Against chlorination of Glenorchy water supply

MURDEN Penny

Wakatipu

Summary

Supports mountain biking trails in Wakatipu and notes there is an accommodation shortage

MURPHY Ashley

Wakatipu

Summary

Objects to chlorination of Arthurs Point water supply. Notes that Havelock North issue involved different circumstances with farming of cattle nearby therefore chlorination at Arthurs Point unnecessary. Suggests alternative such as improving security of network post UV to reduce contamination risk.

MURPHY Nicholas

Wakatipu

Summary

Asks for better funding of mountain biking and rock climbing clubs

MURPHY Rebecca

Wakatipu

Summary

Against chlorination of Arthurs Point water supply. Would like residents to make the decision and not be forced by Council. Notes Havelock North issue was different as it involved intensive farming of cattle. Suggests Council look at improving security of network post UV to minimise recontamination.

MURRAY Kate

Community Networks Wanaka

Wanaka/Upper Clutha

Summary

Supports proposal by QLDC to create a Community Service division and General Manager. They and LINK are happy to work with Council to develop the concept. Requests funding support of \$32,000 for the operational expense of annual rent. Gives a brief over view of the groups work and role in the community

MYLES Secretary

Gibbston Community Association

Wakatipu

Summary

Comments on frustration of disregard to the Gibbston character zone with planned developments in the area. Asks to ensure rigid control regarding the protection of this zone.

Disappointed at state of QLDC reserve in Gibbston and have had talks with QLDC Staff. Received quote of \$5,300 for fencing and rabbit proofing of the reserve; requests provision for this in the plan to be completed by November 2017

NASCIMENTO Luciano

Wakatipu

Summary

nothing written

NEAL robert

Wakatipu

Summary

Requests more funding for mountain bike trails and the Queenstown Mountain Bike Club.

NEWTON Jill

Wakatipu

Summary

Suggests Arrowtown to Queenstown bus service should go via Malaghans Road with stops in Arthurs Point as going via Frankton would take too long.

NICHOLS Claire

Wakatipu

Summary

Comments that there needs to be a second bridge crossing the Kawarau

NICKOLLS Mark

Wakatipu

Summary

Asks for funding to help Queenstown Mountain Bike Club expand the network of trails

NIGHY Simon

-

Summary

Against chlorination of Glenorchy water supply. Concerned about the compounds created with the introduction of chlorine into water (provides link) and also notes potential fiscal implications. Suggests regular monitoring and temporary chlorination only.

NIGHY Simon

Wakatipu

Summary

Against chlorination of Glenorchy water supply. Notes there are no water borne pathogens in the Glenorchy water. Makes points about chemicals that can be created in water containing chlorine and possible fiscal implications. Suggests Council monitor pathogen levels and only add chlorine temporarily if contaminated

NIGHY Simon

Wakatipu

Summary

Comments on current best practice water treatments in Sweden and includes links to information.

NIKO Nick

Wakatipu

Summary

Avid user and supporter of Queenstown Mountain Bike Club and the trails they have built and maintained. Queenstown has potential to be an international destination for mountain biking. Asks for funding for the club

NILSEN Lisa

Remarkables Park Limited

-

Summary

Detailed submission covering the following topics; Road connections between SH6 and the EAR and the airport, A pedestrian connection between Robertson St and the new Kawarau Bridge, A trail connection alongside the Kawarau River south of the new bridge, A request to relocate used playground equipment from the Bathhouse playground to Remarkables Park, A request to continue examination of a Frankton Library hub in association with the Emergency Management Centre study, A request to consider an alternative location for the proposed Council administration building, Support for the Council's public transport initiatives, Suggestions for the performance measures for playgrounds, roading and resource consents/building consents, and Development Contributions. Please see full submission for all details

NISBET J I May

Wanaka/Upper Clutha

Summary

Comments on water quality and water issues.

NYBERG Ron

Wakatipu

Summary

Comments that many ratepayers are struggling to make ends meet and shouldn't have to pay for all infrastructure upgrades when visitors could contribute too. Comments that tourist taxes work in many other countries. Against subsidised \$2 bus fare as feels it won't work. Suggests a new road into Queenstown with a toll for non Queenstowners instead.

O'BRIEN Mary

CCS Disability Action

Summary

Detailed submission that outlines the work of CCS and notes that growth in the district means a growing need to be more accessible. Recommends Council work with ORC to ensure that a fully accessible bus service is provided. Recommend that Council consult with the disabled community and access professionals to ensure accurate information is gathered. Recommends Council systematically measure access needs - recommends technical street audits and pedestrian street audits. Recommends a review of car parks and that some of the new playground equipment at the new playground be accessible. Please see full submission for all details

O'CONNELL Markland

-

Summary

Notes that the Queenstown Mountain Bike Club has made many trails in the area and helped make Queenstown a mountain biking destination. Requests that the club be supported financially.

O'CONNELL Phillipa

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply.

O'CONNOR Anja

Wanaka/Upper Clutha

Summary

Suggests encouraging active transport with more cycle lanes and wider roads and less carparking. Suggests buying Sticky Forest

O'CONNOR Anja

Wanaka/Upper Clutha

Summary

Suggests looking at Auckland's Unitary Plan around affordable housing especially around cohousing.

OCONNOR Sue

Wakatipu

Summary

Agrees the housing crisis needs to be addressed and with the subsidised bus transport.

Suggests water uses charges and using the funds to keep waterways clean.

Asks for the Arrowtown pool to be heated so it can be better used by the community.

Suggests lobbying the government for a visitor tax.

O'DONNELL Sarah

Destination Queenstown

-

Summary

Submission seeks continued funding for DQ's role through the targeted tourism promotion levy on commercial rates. Submissions includes the DQ 2017-18 Business Plan. Please see full submission

OLLEY Amelia

Wanaka/Upper Clutha

Summary

Against chlorination of Luggate water supply.

OLLEY Joshua

Wanaka/Upper Clutha

Summary

Against chlorination of Luggate water supply and believes the pure water needs to be protected.

OOI Charles

Wakatipu

Summary

Nothing written

OPIE Marty

Wakatipu

Summary

Against chlorination of Glenorchy water supply. Comments that if Council not dealing with issues that lead to chlorination then council is not future proofing the infrastructure. Notes there are other solutions such as ozone or silver ion treatment.

P Lucas

Wanaka/Upper Clutha

Summary

Detailed comments against chlorination of Luggate water supply including research on possible effects on health

PAPIC Petra

Wanaka/Upper Clutha

Summary

Detailed comments against chlorination of Hawea water supply. Believes that the UV system is adequate and safer than chlorination

PARKER Matthew

Wakatipu

Summary

Suggests a limit put on further building consents; to intensify the existing developed areas not take over more space. No one wants to see massive urban sprawl. Requests funding for expanding the mountain bike trail network; could have a world class network with more investment and planning.

PARTRIDGE Fran

Wanaka/Upper Clutha

Summary

Comments that the community is against chlorination of the Hawea water supply and does not feel adequately consulted with on the issue. does not feel that it is necessary and believes the current system is adequate. Fully supports the Hawea Communtiy Association submission. Suggests that Council could instead focus on protecting the water and building sustainable water and farming practices.

PATTERSON Sue

Arrowtown Charitable Trust

-

Summary

Detailed submission that requests that Council adopts the Arrowtown Lighting Plan in its 10 year plan as the Arrowtown Standard for lighting. Requests that Council provides \$57,000 towards upgrading of lighting on council properties, sculpture, four trees, Buckingham Green, and three further street lights in Buckingham Street. Please see full submission for all details including the business plan

PAVER Russell

Wakatipu

Summary

Notes that the Queenstown Mountain Bike Club has made many trails in the area and helped make Queenstown a mountain biking destination. Requests that the club be supported financially.

PAVLOU Kosta

Wakatipu

Summary

Supports water quality being part of the annual plan.
Suggests more funding for Queenstown Mountain Bike Club to create more trails to bring more people to town. Notes mountain bike tourism generates revenue for town and should be encouraged

PEARSON Hilary

Summary

Requests funding for maintenance of local mountain bike tracks and trails

PEARSON-IRVIN Rachel

Wanaka/Upper Clutha

Summary

Asks Council to stop plans to chlorinate Hawea water supply. Suggests more emphasis on keeping the water clean with more toilet facilities, stricter fines and penalties for water pollution or contamination

PEAT Fiona

Wakatipu

Summary

Supports proposed bus service and notes would use service more if it was cheaper. Suggests peak time services need to be more frequent as half hour gaps don't work for commuters. Also buses need to run later.

PENNYCOOK (CHAIR) Heather

MVCI

Wanaka/Upper Clutha

Summary

Comments on the urgent need for public toilets in Makarora and asks for it to be given high priority.

PERCY Brylee

Wakatipu

Summary

Against chlorination of water supplies as well as having to pay for it from rates

PERKINS Graeme

RED BRIDGE HISTORIC RESERVE Group (a subcommittee of Luggate Community Assoc.)

Wanaka/Upper Clutha

Summary

Request for consideration of an annual grant/fund of \$10,000 to progress the Red Bridge Historic Reserve project over several years. Submission lists the project priorities and reasons for the request. See submission for all details

PERKINS Graeme

Wanaka/Upper Clutha

Summary

Recognises the issues faced with protecting the water in Luggate. Asks for the process to be slowed down with more information on alternatives and more consultation with the community.

PERKINS Graeme

Luggate Community Association

Wanaka/Upper Clutha

Summary

Requests that funds be set aside for any strengthening upgrade required on the Luggate hall. Notes that the hall is vital to the community and suggests allocating funding now will help reduce the time required to remedy any issues.

PERRIAM Rob

Wanaka/Upper Clutha

Summary

Suggests Council build a multilevel parking building in Wanaka to deal with parking issues. Suggests two locations: between Patagonia Café and White House Restaurant, and the old fire station site.

Complaint about the contractors maintaining verges and areas around Wanaka and suggests there needs to be contractors with more common sense

PERRIMAN Kelvin

Wakatipu

Summary

Against chlorination of Arthurs Point water supply. Notes that the risk of contamination with the new UV system is very low. Accepts that temporary chlorination may be necessary at times of contamination but feels permanent chlorination is a knee jerk reaction

PFEIFER Juliane

Wakatipu

Summary

Against chlorination of Glenorchy water supply. Comments that effort should be made to keep the water clean rather than chlorinating.

PFEIFER Juliane

Wakatipu

Summary

Against chlorination of water supplies

PHILLIPS Amy

Wakatipu

Summary

Notes that the Queenstown Mountain Bike Club has made many trails in the area and helped make Queenstown a mountain biking destination. Requests that the club be supported financially.

PHILLIPS Charlie

Study Queenstown

Wakatipu

Summary

Detailed submission outlining Study Queenstown, its policies and objectives. Requests \$70k towards the promotion and development of Queenstown as an international study destination through Study Queenstown. Please see full submission for all details

PILE Stuart

Wakatipu

Summary

Suggests a review of parking restrictions on Malaghan Street to provide more resident parking. See attached photos

PIRIE Clark

Lake Hayes Estate and Shotover Country Community Association

-

Summary

Detailed submission covering several topics and offering recommendations on work with central government to cover infrastructure costs, public transport, water quality, affordable housing, congestion, the entrance to Lake Hayes Estate, traffic crossing the top of Howards Drive, a footpath from Judge and Jury to McBride Park, infrastructure, parks and reserves, freedom camping, dogs, emergency services and civil defence, and the carpark adjacent to Lake Hayes playground.

PIZALES Laureano

Wakatipu

Summary

Supports Queenstown Mountain Bike Club submission for funding. Notes the trails they have built attract visitors and have made Queenstown a biking destination.

POLLARD Jimmy

Wakatipu

Summary

Comments about the growth and impact of mountain biking in the area and notes Queenstown needs to see the correct demographic of bike users coming to town. Queenstown needs an up to date financial plan to build on the work done by the Queenstown Mountain Bike Club to develop more trails and facilities

POLLARD Vicky

Summary

Against chlorination of Arthurs Point water supply. Suggests improving security of network post UV and a settlement tank as a cheaper alternative.

POOLE Liana

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply and suggests Havelock North scare issues not relevant to Hawea especially with new system in place. Questions why Hawea's greywater is discharged back into the Lake and asks for greywater to be returned into the sewerage system to be treated

PORTEOUS James

Thai2Go

Wakatipu

Summary

Requests funding for a second bridge over the Kawarau

POWELL Conway

Wanaka/Upper Clutha

Summary

Concerned about the state of the gravel roads in the Mt Barker area including Ballantyne Road. Requests the remaining sections of Mr Barker and Ballantyne Roads be Ottasealed. Encourage Council to increase spending to help eradicate wilding pines.

POWELL James

Wakatipu

Summary

Agrees with proposed rate increase, suggests a levy/rates premium for unoccupied homes and a night room tax. Questions if there are any plans to encourage high value industry in the district.

POWER Diana

Cancer Society

-

Summary

Suggests the new playground proposal is the perfect time to introduce smokefree signage. Suggests working on a smokefree policy in recreation areas and buildings and developing policy and practice to make Queenstown smokefree

PRICE Nic

Wakatipu

Summary

Request for funding for Queenstown Mountain Bike Club to build and maintain trails in the area.

PRINGLE Gill

Wakatipu

Summary

Against chlorination of Arthurs Point water supply

PROCTOR Neil

Wakatipu

Summary

Nothing written

PROCTOR neil

Wakatipu

Summary

Worked in a bike store and as a bike guide so sees how important the trails are for attracting bike tourists. Need to keep momentum going and create more trails to attract more visitors. Queenstown Mountain Bike Club are very proactive but need significant funding to carry on their great work

PURCELL Ryan

Wakatipu

Summary

Requests funding for Queenstown Mountain Bike Club.

RABE Kirsten

Wanaka/Upper Clutha

Summary

Would prefer to trust new water treatment system at Hawea than have chlorination. Happy to boil water occasionally if required

RADFORD Chris

Wakatipu

Summary

Agrees with increased parking charges to encourage public transport but does not think a park and ride or \$2 bus fare will work. Suggests private sector needs to help with affordable housing as well as reducing development charges on residential flats. Comments on growth and that visitors are increasing the load on services and requirements. Feels ratepayers are looked at as a constant source of funds.

RAMSAY Jimi

Wakatipu

Summary

Request for funding for Queenstown Mountain Bike Club to build and maintain trails in the area.

RAMSAY-SCHMIDT Lisa

Summary

Against chlorination of Luggate water supply.

RASTRICK Joe

Wakatipu

Summary

Concerned about the proposed chlorination of Arrowtown water supply. Questions what other options were looked at and what monitoring taking place to ensure the level of chlorine in the water is safe.

REK Kepler

Wakatipu

Summary

Notes that the Queenstown Mountain Bike Club has made many trails in the area and helped make Queenstown a mountain biking destination. Requests that the club be supported financially.

REUSS Sebastian

Wakatipu

Summary

Against chlorination of Arrowtown water supply.

REYMANN Ulla

Wanaka/Upper Clutha

Summary

Detailed comments outlining the new system, protections and testing put in place for the Hawea water supply. Suggests daily testing and temporary chlorination for contamination events instead of blanket chlorination to protect Council from litigation

RICHARDS Cameron

Wakatipu

Summary

Notes that the Queenstown Mountain Bike Club has made many trails in the area and helped make Queenstown a mountain biking destination. Requests that the club be supported financially.

RIDDLE jake

Wakatipu

Summary

Notes that the Queenstown Mountain Bike Club has made many trails in the area and helped make Queenstown a mountain biking destination. Requests that the club be supported financially.

RIDDLE steve

Wakatipu

Summary

Requests funding for Queenstown Mountain Bike Club to develop Queenstown as a mountain bike destination

ROBERTS Kirstin

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply. Council needs to listen to the community saying that it does not want chlorination. Spend the money allocated on somewhere where it is needed.

ROBINSON Amanda

Royal New Zealand Plunket (Queenstown Branch)

Wakatipu

Summary

Request that Plunket's Henry Street premises be allocated two dedicated carer and child parks (immediately outside the front of building where 2 x 120 minute parks are currently allocated). Gives detailed reasons for their need including encouraging use of services by vulnerable clients. Comments on the need for safe crossing zones on Fernhill Road to access the park and to safely cross the road. Supports the proposed bathhouse playground. Requests more planning and thought around facilities and access to family friendly spaces in future developments and buildings

ROBINSON Bernard

Wakatipu

Summary

Notes mountain biking has become increasingly popular and that the Queenstown Mountain Bike Club has a large following. The trails are world class but adds that more funding could open up more trails and make Queenstown a biking destination like Whistler. Notes they need more trails for a levels of biking

ROBINSON Pete

Wakatipu

Summary

Request for funding for Queenstown Mountain Bike Club to build and maintain trails in the area.

ROBINSON Simon

Wakatipu

Summary

Supports the bus transport proposal, the focus on water quality, the proposals for growth and infrastructure and the council office (with costs contained). Suggests increasing density to solve issues of housing rather than opening up more land areas. Requests funding for the Queenstown Mountain Bike Club

ROGERS-HOFF Michelle

Wakatipu

Summary

Supports cheaper public transport. Notes that they are having to leave the district after 12 years due to increasing rent. Suggests a cap on rent increases per year and more long term lease agreements

ROSE Mark

The Rees Hotel Queenstown

Summary

Agrees with key focus issues and proposed rate increase. Suggests there needs to be more enforcement around the town. Airbnb needs to be controlled as it is taking away worker accommodation. Suggests Queenstown lead the way and ban plastic bags, ban smoking in public areas, regulate freedom camping and provide facilities

ROSE Suzanne

Wakatipu

Summary

Volunteer labour and the Queenstown Mountain Bike Club have developed and built the mountain bike trail network in the district. Request for funding for Queenstown Mountain Bike Club to build and maintain trails in the area.

ROSE Wayne

Skyline Queenstown MTB

Wakatipu

Summary

Requests financial support for maintenance of mountain bike trails in the Queenstown Mountain Bike Park. Provides background of Skyline's support of the park. Suggests further funding is required to keep Queenstown as a mountain biking destination., Requests minimum funding of \$70,000 towards maintenance costs.

ROSEWALL josh

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply

ROSS-BRYANT Marko

Wakatipu

Summary

Detailed submission outlining experience with mountain biking and biking tourism here and overseas. Commends the Queenstown Mountain Bike Club for their work and the trails they have created and seeks financial support for the club

ROTH Stefan

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply. Suggests fixing any issues at the source rather than chlorinating

ROULSTON kenneth

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply

ROWLEY Fiona

Wakatipu

Summary

Mountain biking is important to the community and brings visitors to Queenstown. New trails are needed and asks Council to financially support the Queenstown Mountain Bike Club

ROY Sara

Wakatipu

Summary

nothing written

ROY Sara

Jack's Point Residents and Owners Association

Summary

Request for the JPROA to be included in the Community Associations group that receives annual funding from QLDC. Provides background and information about the Association.

Detailed submission and request for funding (\$5,000 community grant) for a BBQ and shelter at Lake Tewa. Provides details, quotes and letters of support. Please see full submission for details

ROYCROFT Rebecca

Wakatipu

Summary

Supports the Bathhouse playground proposal. Suggests relocating equipment to Frankton for a playground there

RUDIN Ernst

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply

RUDIN-JONES christine

Wanaka/Upper Clutha

Summary

Detailed submission on proposed chlorination for Hawea water supply that presents arguments for upgrading and protecting the current system rather than chlorinating. Concerned about current and past maintenance that has allowed contamination to take place. Talks in depth about the NZ Drinking Water Standards and QLDC Three Waters Asset Management Plan 2016 as they apply to the issue of chlorination. Suggests it is time to think laterally about the sanitisation of the reticulation network as well as upgrades and maintenance. Please see full submission for all details

RUFFELL Ben

Wakatipu

Summary

Against chlorination of Arthurs Point water supply. Suggests community could protect the water from contamination.

RULE Brad

Wakatipu

Summary

Asks for a skate park at Lake Hayes Estate or Shotover Country

RULE Jackie

Wakatipu

Summary

Asks for a skate park in Lake Hayes Estate or Shotover Country

RUMORE Jennifer

Hawea Stand for Pure Water

Wanaka/Upper Clutha

Summary

Detailed submission against chlorination of Hawea water supply. Notes that residents have repeatedly said no to chlorination and feel the UV treatment will be sufficient. Comments on the health risks of chlorination. Attaches information from a report to the Christchurch City Council on options for meeting water treatment standards.

RUSSELL Katie

Wakatipu

Summary

Asks for an affordable wastewater payment option for Glenorchy that won't cripple the individual ratepayers. Requests investment in mountain bike trails and working with the Mountain Bike Club

RUSSELL Simon

Wakatipu

Summary

Nothing written

RUTHERFORD Peter

Wanaka/Upper Clutha

Summary

Comments that chlorination should only be used when testing has shown contamination has occurred and should only be temporary. Comments that the drop in session on 20 April was the only opportunity for consultation and would like consultation with the community. Agrees with all points in the Hawea Community Association submission.

RUTHERFORD Susan

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply and asks Council to fully consult with the community. Suggests giving the UV treatment and upgrades a chance to prove their efficiency

RYAN Christine

Wakatipu

Summary

Against chlorination of Arrowtown water supply. Notes that the UV system is sufficient and the water supply is low risk. Supports proposal for \$2 bus fares, supports bathhouse playground proposal, supports easing congestion at the Frankton roundabout, supports work on affordable housing.

SANDERS Ryan

Haka Tours Ltd

Wakatipu

Summary

Requests funds for Queenstown Mountain Bike Club noting that mountain biking is important to their business and the community.

SANSOM R S

-

Summary

Comments and suggestions to solve the bottleneck at the BP Roundabout and ease congestion. Asks Council to step up and get the work done and suggests a bus service will not help. Stop spending money on promoting Queenstown until the infrastructure can cope

SCHMIDT Lorna

Wanaka/Upper Clutha

Summary

Request to reinstate onto the regular Maintenance Program the weed whipping of the area designated on QLDC Maintenance Plan as G3 = General Garden, between Luggate Creek and Kingan Road footpath, (designated as MS3, = mow and spray). Provides photos showing the area and lack of maintenance. Request for better service when making an RFS and lists their experience with the system

SCHMIDT Lorna

Wanaka/Upper Clutha

Summary

Does not agree that Luggate needs chlorination of the water supply

SCHOFIELD Lindsey

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply. The community has not been consulted with and Council has not given adequate reasons for chlorination. Please listen to the community

SCHOFIELD Lindsey

Festival of Colour

Wanaka/Upper Clutha

Summary

Notes that the Luggate Hall required work to assess the need and scale of possible strengthening. Suggests that it would be timely to review community venues in and around Wanaka looking at their value, use and planning for future needs. Festival is happy to work with Council on this and discuss refurbishment of the Lake Wanaka Centre

SCHUITEMAKER John

Wakatipu

Summary

Against chlorination of Glenorchy water supply and notes it is not necessary as it has very clean pure water. Provides quotes regarding potential health issues with chlorine. Suggests a water testing regime as an alternative

SCHUITEMAKER Katherine

Wakatipu

Summary

Against chlorination of Glenorchy water supply and notes there is no reason or threat requiring treating their already clean water. Provides quotes on health risks of chlorine

SCOTT Duncan

Wakatipu

Summary

Requests funding for Queenstown Mountain Bike Club similar to other regions. Better trails would attract more visitors with more revenue for town

SCOTT Julie

Wakatipu

Summary

-

SCOTT Tom

Wanaka/Upper Clutha

Summary

nothing written

SCOTT Tom

Wanaka/Upper Clutha

Summary

Mountain biking is an important part of the Queenstown community

SCOWN Jan

Wanaka/Upper Clutha

Summary

Detailed comments asking for more emphasis and support for accommodating our aging population and reducing our use of carbon fuels. Supports Bikeevembers submission on sustainable transport

SCRIMSHAW Kate

Fork and Pedal Limited

-

Summary

Requests funding for the Queenstown Mountain Bike Club to develop and maintain trails that bring tourism to the area.
Suggests a local exemption to the 48 hour parking restriction for residents of McBride Street

SECRETARY Kingston

Kingston Community Association

Wakatipu

Summary

Community want to ensure they have a voice in their continued development and seek assurance from Council that facilities will be regularly maintained and upgraded. Detailed submission covering topics such as roading and footpaths, governance, environmental management, economic development, stormwater and wastewater. Please see full submission for all details

SHARPE Bill and Kirsty

Wakatipu

Summary

Agrees with increasing levels of service and staff numbers, supports playground proposal and spreading the cost of infrastructure in the small communities. Raises again the suggestion of a connecting road from Jacks Point to Kelvin Heights. Notes the large numbers of proposed houses and the current congestion on the road. Suggests that an alternative road would help with this. Urges investigation of the idea

SHARPE Kirsty

Kawarau Bridge Relocation Group

-

Summary

Detailed submission requesting designation of a second bridge crossing on the Kawarau River east of Boyd Road, from the south to connect to Hawthorne Drive. The proposal provides reasons for the request as well as several supporting documents such as a risk benefit analysis and community opinion survey. Please see full submission for all details

SIMMONDS Anna

Wanaka/Upper Clutha

Summary

Requests that significantly more funding is appropriate to research, monitor and repair the health of the districts waterways. Suggests that focus needs to be on quality builds rather than large poorly built homes

SIMPSON Liz

Wakatipu

Summary

Generally supports all the work programmes being consulted on

SIMPSON Roger

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply and notes that the community wants chlorine-free water. Questions why the Upgraded UV system is not enough and notes the community is willing to accept temporary chlorination for outbreaks. Rejects Council's reasons for chlorination. See submission for all details

SIMPSON-WELLS Poppy

Wakatipu

Summary

Supports public transport plan. Believes that the rate increase will fall hardest on lower-income workers not landlords. Mountain biking is important to the community and brings visitors to Queenstown. New trails are needed and asks Council to financially support the Queenstown Mountain Bike Club

SINCLAIR IRWIN Isabella

Wanaka/Upper Clutha

Summary

Understands the statutory responsibility of elected in terms of providing safe drinking water. Believes the current system is sufficient. Recommends this as a chance to work with other groups to protect and keep clean fresh water and urges council to work with the relevant Government departments to monitor and collect data.

SMITH Anna

Wakatipu

Summary

Wants to keep Queenstown a desirable and functioning environment. Supports a public transport system but it should be paid for by a tourist tax and suggests looking more at ferries and school pickups. Comments that there needs to be more staff accommodation built not rental accommodation. Requests funding the Queenstown Mountain Bike Club

SMITH Clive

Wakatipu

Summary

Against chlorination of Glenorchy water supply.

SMITH Kristy

Wakatipu

Summary

Against chlorination of Arthurs Point water supply. Understand the reasoning and pressure from central government but expect Council to poll residents and listen to the majority decision of the community before acting.

Against the proposal to charge ratepayers \$30,000 each for the Glenorchy waste water scheme and suggests the funding should come from central government.

SMITH Meira

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply. Suggests repairing the pipe system rather than the cheap option of chlorinating. Comments that infrastructure is important

SMITH Paul

Wakatipu

Summary

Asks council to work harder to get a bed tax. Notes that a small per night cost would raise far more revenue to offset infrastructure costs than rating tax payers.

SMITH Quentin

Friends of Allenby park

Wanaka/Upper Clutha

Summary

Describes the work done to enhance Allenby Park and the development of a project plan. Notes the provision in the AP is for \$30,000 but requests an increase to \$60,000.

SMITH ROSIE

Wakatipu

Summary

Mountain biking is important to the community and brings visitors to Queenstown. New trails are needed and asks Council to financially support the Queenstown Mountain Bike Club

SMITH Roy

Wakatipu

Summary

Against proposal to chlorinate Arthurs Point water supply. Suggests that UV treatment and better security of the supply would be better. Chlorine is not necessary and should be the last possible option.

SOLBAK Laura

Wanaka/Upper Clutha

Summary

Notes Hawea water supply has been designed to support community desire to avoid chlorination. The community wants to work with Council to comply with drinking water standards without permanent chlorination.

SOLTER Wulf

Wakatipu

Summary

Comments on the qualities and benefits of the Remarkable mountain range and surrounding area. Comments that NZSki needs to be contained to their current area to prevent further damage to the area so it is not lost to future generations.

SOLTYSIAK Jakub

-

Summary

Comments on transport, housing, rates increases, living wages and lake water quality. The comments are about making things more affordable, efficient and sustainable. Suggests some kind of driver education on the roads in multiple languages at the airport/rental areas. Supports the work done on sewage, traffic, the Kawarau bridge and the hospital

SPENCE Andy

Wakatipu

Summary

Funding for QMTBC

SPENCER michael

Wakatipu

Summary

Against chlorination of Glenorchy water supply

SPIBKS Daniel

Wakatipu

Summary

Suggests a progressive programme to reduce waste such as banning plastic bags. Request for funding for Queenstown Mountain Bike Club to build and maintain trails in the area.

SPICER Penelope

Wanaka/Upper Clutha

Summary

Against proposal to chlorinate Luggate water supply. Detailed submission with arguments against chlorination. Notes that Council should be taking preventative measures to protect the water rather than chlorinating. Asks Council to listen to the peoples wishes and that the community be kept fully informed and consulted with before any final decision

STARK Michelle

Wakatipu

Summary

Funding request for mountain bike trails in the basin

STEELE Jamie

Wakatipu

Summary

Requests funding for the Queenstown Mountain Bike Club to maintain and increase the trail network

STEGMAIER Alissa

Wakatipu

Summary

Comments that mountain biking brings people to town and contributes to the local economy. Requests funding for Mountain Bike Club to increase benefits to Queenstown

STEPHENS Athol

Queenstown Golf Club

Wakatipu

Summary

nothing written

STEPHENS John

Queenstown Golf Club

-

Summary

Request for \$50,000 for stage 1b of the upgrading and enhancement of the Queenstown Golf Club facilities. Detailed attachments include a Background paper, the Staged renovation plan, Visual drawing of 1a and 1 b and Architectural drawing plan of stage 1b. Please see full submission for all details

STEPHENS John

Wakatipu

Summary

only 2 words written

STEWART Andrew

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply and notes that the community wants chlorine-free water. Questions why the Upgraded UV system is not enough and notes the community is willing to accept temporary chlorination for outbreaks. Rejects Councils reasons for chlorination.

STEWART Catherine

Wakatipu

Summary

Suggests the order of priorities are wrong and that traffic and congestion then affordable housing then wages are the most important issues in the district.

STEWART Jenny

Wakatipu

Summary

Supports the public transport proposal

STEWART Pamela

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply. Questions why the expensive UV treatment plant is not enough. Is concerned that if permanent chlorination takes place that regular testing and monitoring will be lost

STEWART Sam

Wakatipu

Summary

Against chlorination of Arthurs Point water supply

STEWART-MCDONALD Robert

Wakatipu

Summary

Against chlorination of Arrowtown water supply.
Would like a tourist levy to help pay for infrastructure and notes it works successfully in many tourist towns they have visited.

STOCKDALE Sally

Wakatipu

Summary

Comments that new Kawarau Bridge and roads to it will not be able to cope with future traffic. Notes that a bridge was proposed near Boyd Road in 1997 and suggests that it should go ahead now

STRANG Ivan

Wakatipu

Summary

Against chlorination of Glenorchy water supply. Suggests there are other ways to protect the water.

STRANG Mary

Wakatipu

Summary

Supports the Sustainable Glenorchy submission against chlorination of Glenorchy water supply.

STUART Pat

Summary

Comments that the parking on Helwick Street could cause an accident and needs to be reviewed

SULLIVAN Rory

Wakatipu

Summary

Suggests a skate park in Shotover Country

SUTCLIFFE Alice

Cycle Higher

Wakatipu

Summary

Likes the public transport proposal. Notes that mountain biking is important for their business but also for the town and requests support for the Queenstown Mountain Bike Club to develop new trails in the area

SUTHERLAND K

Wakatipu

Summary

Detailed comments and suggestions to fix transport and congestion issues. Includes an underground park, public transport, use of boats and an international airport in Wanaka.

TALBOT Lyn

Wanaka/Upper Clutha

Summary

Detailed submission against chlorination of Hawea water supply. Believes the current system in place is adequate and states reasons why council should not chlorinate. Supports the Hawea Community Association submission against chlorination. Please see full submission for all details

TAPPER Jules

Lakes District Air Rescue Trust

-

Summary

Request for an annual grant of \$25,000 towards training costs. Submission provides explanation of the trust and the financial statements for the year. See submission for details

TATTERSFIELD Trevor

Wanaka/Upper Clutha

Summary

Comments that the current transport management regime does not work. Too many different agencies involved many of them remote from the district and prioritising other issues above Queenstown. Suggests a single, separate stand alone transport authority set up by QLDC taking over transport management and funding of the current agencies.

Comments that the current Regional Land Transport Committee is a barrier to funding for Queenstown issues and urges Council to lobby Central Government harder for targeted infrastructure funding

TAYLOR Brenda M

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply. Chlorine short sighted fix and no substitute for proper maintenance of services.

TAYLOR Grant

Summary

Concerned at the potential loss of prime wine making land to housing subdivision. Notes that Gibbston no longer being protected by the Gibbston special character zone.

TAYLOR John

Wanaka/Upper Clutha

Summary

nothing written

TAYLOR John

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply and supports Hawea Community Association submission. Believes that the current system is adequate

TAYLOR John Taylor

Wanaka/Upper Clutha

Summary

Request for better and more dust suppression for Hawea Back Road. Attached photos to show the problem. Notes they collect rainwater which means they also collect dust. There has been an increase in traffic therefore more needs to be done.

THOMAS Titty

Wakatipu

Summary

Comments on need for good playgrounds in town

THOMPSON Greg

Wakatipu Reforestation Trust

Wakatipu

Summary

The Wakatipu Reforestation Trust requests \$5000 from the QLDC 2017/18 Annual Plan for the purchase of consumables to be used in preparing and maintaining our native plantings on public land in the Wakatipu Basin. Attached submission outlines the work of the trust and their relationship with QLDC. Notes that the grant will fund help fund Herbicide, Fuel, Rabbit Protection, Potting Mix and Maintenance consumables. Request that they receive the grant of \$5,000 annually.

THOMPSON Greg

Wakatipu

Summary

Supports the proposed bus scheme, chlorination of water supplies and all of council in one building. Requests more funding for wilding pine control and asks for a footpath from Quail Rise to Tucker Beach Road along Ferry Hill Drive. Suggests a library in Frankton. Don't waste money on a town centre master plan.

THOMSON Chrissie

Mt Barker Residents Association

Wanaka/Upper Clutha

Summary

Request to seal one km section of Mt Barker Road to increase safety
Comments that sealing of Ballantyne Road should be a priority as it is still dangerous, rutted, narrow and undulating.

THOMSON Sarah

Wakatipu

Summary

Request for public toilet facilities and a dump station in Glenorchy

THOMSON Sarah

Wakatipu

Summary

Supports proposal for Bathhouse playground. Notes parking can be an issue especially if this is to become a destination. Questions what provisions will be in place in case of flooding.

THORNBURGH Julian

Wakatipu

Summary

Would like more recreational mountain bike trails in the region

TIERNEY MICHAEL

Wakatipu

Summary

Believes the whole community should help pay for a modern reticulated sewage system for Kingston as the small population will never be able to afford to pay for it. The extra costs shared amongst all ratepayers would be much lower.

TODD Clifton

Wakatipu

Summary

Against chlorination of Glenorchy water supply

TODD Graeme

Wakatipu

Summary

Supports Queenstown Mountain Bike Clubs submission seeking financial support. Believes bike tourism is important to the district

TODD Graeme

Peter and Margaret Arnott

Summary

Supports the submission by Anderson Lloyd in regards to the roundabout and access to the EAR.

TOMPKINS Nicky

Wakatipu

Summary

Suggests promoting use of reusable bottles to reduce waste. Suggests extending maintenance of the Gardens to include Park Street and also suggests a maintenance programme for the Gorge Road wetlands. Comments on the need for more stringent landscape provisions to protect the natural environment. Questions how council ensures that the built environment is of high quality.

TOMPKINS Roger

Wakatipu

Summary

nothing written

TOOMEY Martin

Mount Aspiring College

Wanaka/Upper Clutha

Summary

Detailed submission outlining a request from the school to acquire the land at the swimming pool on Plantation Road. Explains that decommissioning of the pool provides an opportunity for the school to expand and improve its facilities for the development of the whole community.

TOPHAM Katie

Wanaka/Upper Clutha

Summary

Comments that there needs to be more trails for mountain biking so they are not competing with walkers as well as trails for a range of riders. Suggests charging non-locals for riding the trails to pay for maintenance. Suggests banning freedom camping at Roys Peak.

TSAI Lisa

Bike Wanaka Incorporated

Wanaka/Upper Clutha

Summary

Supports Wanaka Primary School around improved cycling infrastructure for Wanaka noting the benefits to the community around health, wellbeing and fewer cars

TURNER Dame Sukhi

Wanaka Community House Charitable Trust

Wanaka/Upper Clutha

Summary

Detailed submission outlining the outcomes and vision for the Community House. Request for \$100,000 toward capital construction of the Wanaka Community House and consideration of rates relief for the facility once it is built

TUTTY Liana

Wakatipu

Summary

Proposes speed humps along Lake Avenue especially near Remarkables Primary noting they have witnessed several near misses there.

TYRRELL Matthew

Wakatipu

Summary

Requests funding for Queenstown Mountain Bike Club noting the local and tourist bikers contribute to the community

URQUHART Lochlan

Summary

Against chlorination of Hawea water supply. Questions why the water is contaminated and from where. Suggests the money be put towards water quality research and monitoring

VAN HAL Jack

Wakatipu

Summary

Requests information and data showing the risk level and contamination of Glenorchy water supply. Not convinced that the examples given as reasons to chlorinate are valid for Glenorchy. Asks for data and water testing results that have been used to make the decision to chlorinate.

VAN RIEL Jeromy

Wanaka/Upper Clutha

Summary

Opposed to chlorination of their water supply and does not give consent for Council to contaminate the water

VAN VLIET Jada

Wakatipu

Summary

Mountain biking is important to the community and brings visitors to Queenstown. New trails are needed and asks Council to financially support the Queenstown Mountain Bike Club

VAUSE Andy

Wanaka/Upper Clutha

Summary

Comments that there is not enough evidence to support council proposal to chlorinate the Hawea water supply. Asks Council to provide more information on risks.

VERMAAS Michelle

Wakatipu

Summary

Against chlorination of Arthurs Point water supply due to possible health effects

VIALE Rebecca

Wakatipu

Summary

Supports the taskforce on affordable housing and suggests simple small units. Asks why the lake not used more to help with transport issues. Comments that Government needs to contribute and support infrastructure issues here. Asks for more information on the Town Centre masterplan. Comments that if the Coronet forest is cleared that natives be planted

VIANA Amanda

Wakatipu

Summary

nothing written

VOUTRATZIS Alexis

Property Council New Zealand

-

Summary

Detailed submission covering comments on the proposed rates increase, transport investment, the town centre master plan and resourcing. Please see full submission for details.

WALKER Mike

Wakatipu

Summary

Supports Queenstown Mountain Bike Clubs submission for funding for more trails in the district.

WALKER Shannon

Wakatipu

Summary

Suggests the local population is too small to bear all the costs for necessary infrastructure needs of the town. Mayor needs to lobby central government hard to get funding to make sure congestion and lack of infrastructure don't ruin the experience of visiting and living here

WALKER Cameron

Wakatipu

Summary

Comments on the qualities and benefits of the Remarkable mountain range and surrounding area. Comments that NZSki needs to be contained to their current area to prevent further damage to the area so it is not lost to future generations.

WALKER John

Wanaka/Upper Clutha

Summary

List of issues not adequately addressed in the plan - housing affordability, water, vision for sustainability, fundraising for community facilities, Wanaka pool costs, transparent financial reporting and the cost of consultants.

WALLACE Josh

Wakatipu

Summary

Notes that the Queenstown Mountain Bike Club has made many trails in the area and helped make Queenstown a mountain biking destination. Requests that the club be supported financially.

WALLACE Mary

Summary

Against chlorination of Arrowtown water supply and believes the risk to Arrowtown is low. Notes that the provision of affordable housing should not negatively impact on the character and values of the district

WALLEN Fiona

Wakatipu

Summary

Requests funding for the Queenstown Mountain Bike Club. Against chlorination of Arrowtown water supply and suggests the UV treatment is sufficient. Suggests funding go to improving the footpaths in Arrowtown especially around the schools and preschools as there are high numbers of children that walk and bike. Suggests more bike lanes on roads that feed into Queenstown to increase the safety of users.

WALTHEW Cherilyn

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply and suggests protecting the waterways should be a focus. Questions what provisions have been made for maintenance and upgrade of the existing water supply.

Comments against one council building if it means closing the Wanaka office.

Questions what Council's business continuity plan is

WARD Sophie

Wanaka/Upper Clutha

Summary

Detailed submission on environmental impacts and comments on water quality, waste minimisation, sustainable transport, community events support, affordable housing, and a living wage. Please see submission for details.

WARD Tony

Wakatipu

Summary

Suggests a bypass road to the head of the lake via Fernhill

WATKINSON Kelly

Wakatipu

Summary

Comments that the Frankton Camping Ground provides affordable housing for many workers who would struggle if forced to leave. Notes that the lease is due to expire in 2018 and asks for it to be renewed. Suggests working to transition the area to high density housing to help with affordable housing.

WATLING Helen

Wakatipu

Summary

Requests funding for Queenstown Mountain Bike Club. Requests alternative options to water chlorination for Arthurs Point

WATSON Gale

-

Summary

Comments around chlorination of Glenorchy water supply and suggests looking at the depth of the bores. Attaches information on chlorine.

WATSON Helen

Wanaka/Upper Clutha

Summary

Highlights some areas around Luggate and Wanaka that need work to reduce congestion and improve safety. Gives suggestions for Luggate cutting and Ballantyne Road improvements. Please see submission for all details and maps.

WEATHERSTON Mike

Wakatipu

Summary

Mountain biking is important to the community and the Queenstown Mountain Bike Club builds the trails that people come to ride on. Requests funding for the Queenstown Mountain Bike Club

WEINERT Emma

Wakatipu

Summary

One word written

WEIR Lyn and David

Wakatipu

Summary

Suggests all rental properties have blue bins to reduce litter from rubbish bags. Suggests smaller feeder buses to help service areas such as Goldfield Heights, Highview Terrace and encourage bus use. Questions why sites cleared for construction not checked

WEIR Mat

Wakatipu

Summary

Suggests focusing on and supporting biking as a way of reducing traffic problems. Provides a link to a UK scheme. Comments that mountain biking needs more support from Council to hold world class events in Queenstown which could bring revenue.

WELLINGTON John

Upper Clutha Tracks trust

Wanaka/Upper Clutha

Summary

The Trust requests that the \$50,000 allocated in the 2016-17 Annual Plan for construction of a track from Hawea Flat to the Hawea River Track be carried forward to 2017-18. The project has been delayed and the funding is essential to complete the track.

WEST Margaret

Alpine Community Development Trust

Wanaka/Upper Clutha

Summary

Detailed comments on Councils intention to create a Social Policy and work on community-led development. Outlines 5 issues to focus on. Encourages Council to put adequate resourcing and effort into developing both the Community Action Plan and Social Policy, to be carried out and completed within the 2017/18 workplan, and lead by example in this area by collaborating and using existing community resources to develop these approaches. Please see full submission for details

WESTACOTT Emily

Wakatipu

Summary

Enjoys mountain biking and feels more trails would encourage more people to ride and for people to visit. Council should support mountain biking with funding

WHITE Fraser

Wakatipu

Summary

Supports the Bathhouse playground proposal and likes the concept. Suggests decent flooring as current small stones are annoying.

WHITE Mark

Wakatipu

Summary

Supports Bathhouse playground proposal and pleased that it will offer areas for different aged children

WHITEHEAD Esther

Dyslexia Foundation of NZ

-

Summary

Submissions comments on QLDC proposal to work on community led development. Encourages Council to provide adequate resourcing and to show leadership around this issue.

WHITEHEAD Esther

Anti Plastic Population

-

Summary

Detailed submission outlining the groups focus and goals to minimise waste and educate on sustainability. Notes that they are investigating a name change as their goals have evolved. Submission seeks a QLDC grant of \$25,000. The funding will provide for the community group to build on its capability, bring in expertise and foster the community's concerns appropriately. Please see full submission for all details.

WILDE Steve

Downtown QT

-

Summary

Seeks an administration grant of \$95,000 for the 2018 financial year to roll out with phase two of the WiFi System and become self-sufficient within the boards projected timeframe of 24 months. Submission provides background on the group and its financial structure. Please see full submission

WILKEN Emmerson

Wakatipu

Summary

Asks for more investment in recreational events and activities in the area specifically around mountain biking. Notes that mountain biking is growing with little support for the Mountain Bike Club

WILKEN Meagan

Wakatipu

Summary

Asks for more funds for the Mountain Bike Club noting more riders could help with traffic issues. Suggests better use of the bus system for bikers and more bike racks in town (cf Rotorua).

Suggests a better rubbish disposal and recycling system like other NZ towns

WILKINS Alice

Wakatipu

Summary

Against chlorination of Glenorchy water supply and feels it is unnecessary for the Glenorchy situation. Suggests brining the water plant and piping up to standard instead.

WILLIAMS Anique

Wanaka/Upper Clutha

Summary

Opposes putting fluoride into Lake Hawea.

WILLIAMS Mark & Lucy

Wakatipu

Summary

Proposes no overnight parking for the Old Shotover Bridge carpark as the area is full of campervans even though it was never intended as a freedom camping area. Therefore suggests improvement of the area on the Shotover Delta road. Requests funding to improve the pedestrian safety of crossing from Quail Rise across Tucker Beach Road to get to the Old Shotover Bridge. Support the proposal for an underpass and slip lane at junction of SH6 and Tucker Beach Road. Oppose proposal for the bathhouse playground as current parking issues mean locals do not get to use it. A bed tax or similar must be imposed to cover costs. Support the \$2 bus fares.

WILLIAMS Megan

Te Kakano Aotearoa Trust

Wanaka/Upper Clutha

Summary

Detailed submission outlining the background and aims of the group. Would like to discuss ways to partner with council for the continued improvement of community spaces. Mentions Wanaka Lakefront Development and Management Plans, Council contractors, consent fee relief and the Ministry for the Environment Freshwater Improvement Plan in more detail. Please see full submission for details

WILLIAMS Megan

Upper Clutha Water Group

Wanaka/Upper Clutha

Summary

Detailed submission outlining the focus and objectives of the collaborative group. Request that Council support the community led and collaborative (regulatory, science, community) implementation of a Lake Wanaka and Upper Clutha Community Water Management Plan. Request funding of \$45,000 per annum to facilitate the community response alongside science and regulatory bodies. Please see full submission for details

WILLIAMSON Kerrie Denise

-

Summary

Questions why the new high school is being built at Remarkables Park as it will only add to the issues of parking and traffic congestion. Concerned that many properties bought by investors and forcing out families and others trying to stay in Queenstown. Be careful not to lose visitors due to over development, congestion and over inflated prices.

WILLIAMSON Mark

Wakatipu

Summary

Avid mountain biker and feels more could be done for trails in the area if the Queenstown Mountain Bike Club received funding from Council

WILSON Kurt

Wakatipu

Summary

Mountain biking is important to the community and brings visitors to Queenstown. New trails are needed and asks Council to financially support the Queenstown Mountain Bike Club

WILSON H. Robert

Wanaka/Upper Clutha

Summary

Agrees with key focus issues. Requests that Council elevate Lake Snow issue to the highest priority when considering the Annual Plan

WILSON Isaac

Wakatipu

Summary

Request for funding for Queenstown Mountain Bike Club to build and maintain trails in the area.

WILSON Karen

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply. Accepts temporary chlorination only if necessary and that the UV system and upgraded water intakes be used.

WILSON Susan Graham

Wakatipu

Summary

Suggests Queenstown CBD be completely pedestrian with more parking in Frankton. Suggests looking at the example of Potts Point in Sydney. Suggests removing rental cars, increasing public transport and solving congestion issues. Supports keeping water safe but suggests keeping abreast of ecological solutions if one could be used. Notes cbd has too many booking centres and souvenir shops.

WILSON-WHITE Amy

Wakatipu

Summary

Comments on the delivery methods of the Mirror newspaper and that they are creating litter. Suggests that it be delivered to letterboxes instead.

WINDER Brenden

Wakatipu

Summary

Queries the plan to increase funding for emergency management, rural fire and harbourmaster to reflect the increase in population and visitors.

WINDER John

John winder ltd

Wanaka/Upper Clutha

Summary

Submitter has transportable housing solutions that he would like to introduce to the district

WITHER deirdre

Wanaka/Upper Clutha

Summary

Would like Council to explore other options rather than chlorination of Luggate water supply

WITTKOPF sabine

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply

WOOD Heidi

Wakatipu

Summary

Requests funding for the Queenstown Mountain Bike Club to increase work already started on making the area a world class mountain biking resort

WRIGHT Kelly

Wanaka/Upper Clutha

Summary

Against chlorination of Hawea water supply and suggests giving the new system a chance as there has been no contamination since it was installed.

WU Wei

Wakatipu

Summary

Comments that more resources need to go to the Frankton area not the town centre. Asks for additional lanes around the airport and funds allocated to the playground go towards parking.

XX xx

Wakatipu

Summary

nothing written

YOUNGMAN Tim

Wakatipu

Summary

Requests trail funding for the Queenstown Mountain Bike Club to maintain the trail networks

ZEEDERBERG Lyn

Wakatipu

Summary

Would like Council to consider how much growth is too much? Suggests a long term Queenstown Growth Strategy as something more accessible to ratepayers.

ZHANG-THOMAS Danna

Wakatipu

Summary

Supports Bathhouse playground proposal. Suggests enclosing the toddler area.

ZOCH Ulrike

Wakatipu

Summary

Agrees with one site for all staff. Suggests other locations be considered such as Remarkables Park to reduce parking and congestion issues.

ZUSCHLAG Sandra

Wakatipu

Summary

Against chlorination of Arrowtown water supply. Notes Arrowtown not like other areas with development already finished so is a lower risk. Suggests finding better ways to protect the tourist reputation of Arrowtown. Suggests testing the water more often.
