

**Table 1: Evaluation of key relevant objectives of the ODP**

Objective	Assessment
<b>Chapter 5 – Tangata Whenua</b>	
<b>5.3.1 – Consultation with tangata whenua occurs through the implementation of the Queenstown Lakes District Plan Policies.</b>	Consultation has been initiated with the relevant iwi authorities.
5.3.1.1 – Ensure that Ngāi Tahu Papatipu Rūnanga are engaged in resource management decision-making and implementation on matters that affect Ngāi Tahu values, rights and interests, in accordance with the principles of the Treaty of Waitangi.	This is a policy for Council, however to the extent that it is relevant, the Change provide access to Treaty Settlement Land.
5.3.1.2 – Actively foster effective partnerships and relationships between the Queenstown Lakes District Council and Ngāi Tahu Papatipu Rūnanga.	This is a policy for Council.
5.3.1.3 – When making resource management decisions, ensure that functions and powers are exercised in a manner that takes into account iwi management plans.	The relevant iwi management plans have been assessed in the Section 32 Report.
5.3.1.4 – Recognise that only tangata whenua can identify their relationship and that of their culture and traditions with their ancestral lands, water sites, wāhi tapu, tōpuni and other taonga.	This is acknowledged but is not relevant to this Plan Change.
<b>5.3.2 – Ngāi Tahu have a presence in the built environment.</b>	This objective and policy are acknowledged. Collaboration with Ngāi Tahu in relation to the built environment, planting, public spaces etc can be undertaken at the time the area is developed.
5.3.2.1 – Collaborate with Ngāi Tahu in the design of the built environment including planting, public spaces, use of Ngāi Tahu place names and interpretive material. Enable the sustainable use of Māori land.	
5.3.3 – Ngāi Tahu taonga species and related habitats are protected.	Not relevant.
5.3.3.1 – Where adverse effects on taonga species and habitats of significance to Ngāi Tahu cannot be avoided, remedied or mitigated, consider environmental compensation as an alternative.	Not relevant as there is no taonga species or habitats of significance given the extent of earthworks that have already occurred.
<b>5.3.4 – The sustainable use of Māori land.</b>	Not relevant as the land subject to the Change is not Māori customary land or Māori freehold land.
5.3.4.1 – Enable Ngāi Tahu to protect, develop and use Māori land in a way consistent with their culture and traditions, and economic, cultural and social aspirations including papakainga housing.	
5.3.5 – Wāhi tūpuna and all their components are appropriately managed and protected.	The land subject to the Change is not within the wāhi tūpuna overlay.
5.3.5.1 – Identify wāhi tūpuna and all their components on the District Plan web mapping application in order to facilitate their protection from adverse effects of subdivision, use and development.	Not relevant.

5.3.5.2 – Pending their identification on the District Plan web mapping application, encourage direct consultation with tangata whenua when iwi management plans indicate that proposals may adversely affect sites of cultural significance.	Not relevant.
5.3.5.3 – Identify threats to wāhi tūpuna and their components in this District Plan.	Not relevant, this is a plan making provision.
5.3.5.4 – Enable Ngāi Tahu to provide for its contemporary uses and associations with wāhi tūpuna.	Not relevant.
5.3.5.5 – Avoid where practicable, adverse effects on the relationship between Ngāi Tahu and the wāhi tūpuna.	Not relevant.
