Note: the annotations in this chapter reflect the Council's interpretation of the provisions affected by appeals.

Local Shopping Centres: Albert Town, Arrowtown, Cardrona Valley Road, Fernhill, Frankton, Hāwea, Kelvin Heights and Sunshine Bay

15.1 Zone Purpose

The Local Shopping Centre Zone enables small scale commercial and business activities in discrete pockets of land that are accessible to residential areas and people in transit.

The Zone seeks to reduce the necessity for people to travel longer distances to town centres to purchase convenience goods and access services. Due to the nature of the Zone's locations in predominantly residential environments, standards limit the potential adverse effects on residential amenity and discourage the establishment of inappropriate activities. Visitor accommodation and residential activities are provided for in the Zone, adding to the vibrancy and viability of the Zone, whilst contributing to the diversity of housing options enabled by the District Plan.

15.2 Objectives and Policies

15.2.1 Objective – Local Shopping Centres provide a focal point for a range of activities that meet the day to day needs of the community at a limited scale that supplements the function of town centres.

Policies

15.2.1.1 Provide for a diverse range of activities that meet the needs of the local community, enable local employment opportunities and assist with enabling the economic viability of local shopping centres.

LOCAL SHOPPING CENTRE ZONE 15

- 15.2.1.2 Ensure that local shopping centres remain at a small scale that does not undermine the role and function of town centres.
- 15.2.1.3 Enable residential and visitor accommodation activities, but limit their establishment to above ground floor level to ensure that the integrity of activities occurring at street level is maintained, and that the core commercial function of the local shopping centres is not eroded.
- 15.2.1.4 Avoid individual retail activities exceeding 300m² gross floor area and individual office activities exceeding 200m² gross floor area that would adversely affect the:
- retention and establishment of a mix of activities within the local shopping centre;
 - role and function of town centres and commercial zones that provide for large scale retailing; and
 - safe and efficient operation of the transport network.
- 15.2.1.5 Restrict identified retail activities to ensure that the role and function of town centres as the District's principal centres of retailing activity is not threatened.
- 15.2.1.6 Limit the total gross floor area of retail and office activities within the Local Shopping Centre Zone located on Cardrona Valley Road to ensure that the commercial function of Wānaka Town Centre and Three Parks is not adversely affected.

15.2.2 Objective – Buildings respond to the existing character, quality and amenity values of their neighbourhood setting.

Policies

- 15.2.2.1 Control the height, scale, appearance and location of buildings in order to achieve a built form that complements the existing patterns of development and is consistent with established amenity values.
- 15.2.2.2 Ensure that development generally comprises a scale that is commensurate with the receiving built environment.
- 15.2.2.3 Provide for consideration of minor height infringements where they help achieve higher quality design outcomes and do not significantly adversely affect amenity values.
- 15.2.2.4 Place specific controls on the bulk and location of buildings on sites adjoining Residential-zoned properties to ensure that an appropriate standard of residential amenity is maintained.
- 15.2.2.5 Control the design and appearance of verandas so they integrate well with the buildings they are attached to complement the overall streetscape and do not interfere with kerbside movements of high-sided vehicles, while providing appropriate cover for pedestrians.
- 15.2.2.6 Ensure that outdoor storage areas are appropriately located and screened to limit any adverse visual effects and to be consistent with established amenity values.

15.2.3 Objective – Adverse environmental effects received both within and beyond the zone are minimised.

Policies

LOCAL SHOPPING CENTRE ZONE 15

- 15.2.3.1 Provide appropriate noise limits to control adverse noise effects generated by activities occurring within the Local Shopping Centre Zone and received by nearby properties.
- 15.2.3.2 Require acoustic insulation for critical listening environments (including residential activities and visitor accommodation) to:
- a. limit the impact of noise generated within the Zone on occupants; and,
 - b. where relevant, limit the potential for reverse sensitivity effects on Queenstown Airport from Activities Sensitive to Aircraft Noise within the Queenstown Airport Outer Control Boundary.

Amend Policy 15.2.3.2.b to clarify it relates to buildings containing Activities Sensitive to Aircraft Noise.	Queenstown Airport Corporation Limited ENV-2018-CHC-093 (consent order issued)	

- 15.2.3.3 Ensure that the location and direction of lights does not cause significant glare to other properties, roads and public places, promote lighting design that mitigates adverse effects on views of the night sky, and provide a safe and well-lit environment for pedestrians.
- 15.2.3.4 Avoid the establishment of activities that are not consistent with established amenity values, cause inappropriate environmental effects, or are more appropriately located in other zones.
- 15.2.3.5 For development of the site(s) at 1 Hansen Road, between Hansen Road and the Frankton Cemetery (as shown on the District Plan web mapping application), in addition to other Zone-wide requirements:
- a. ensure that development is undertaken in an integrated manner, having particular regard to ensuring the safe and efficient operation of the transport network;
 - b. implement specific controls to limit effects on the historic values of the neighbouring cemetery.
