Subject: Urgent response to Commissioners Minute 19/10/22
Date: Thursday, 20 October 2022 9:02:12 AM

Dear Sir / Madam

I feel this process is being rushed and this is obviously very unfair and biased and looks highly favoured towards the developer, because of:

1. difficulties/issues in participating in a process when there is not enough time to consider revised submissions/all the evidence and respond.
2. A well thought out and reasoned process versus a hurried timetable that could compromise
3. fairness of the process in light of the above
4. Query if the commissioners can even thoroughly consider the matter without all submitters/experts having the time to respond to last-minute changes.
5. Query whether there is any point to experts conferring on the current timetable when no one is being given the necessary time to review all the evidence.

It is only fair that the commissioners original hearing dates for 22-24 November be reinstated please- and not have us forced into 5pm Oct 20th today, which I believe is the case

Ngā mihi nui,
