

Smart Growth Committee

3 March 2026

Report for Agenda Item | Rīpoata moto e Rāraki take [3]

Department: Planning & Development

Title | Taitara: Update on Progress on the Proposed District Plan and Other Key Projects

Purpose of the Report | Te Take mō te Pūroko

The purpose of this report is to update the Smart Growth on key projects being progressed by the Planning Policy Team (the Team).

Recommendation | Kā Tūtohuka

That the Planning & Strategy Committee:

1. **Note** the contents of this report; and
2. **Note** the updates on timing and progress on projects undertaken by the Planning Policy team.

Prepared by:

Name: Alyson Hutton
Title: Manager Planning Policy

Context | Horopaki

1. This report provides an update on the progress with the District Plan Review, which commenced in 2015. The Council made the decision to review the Operative District Plan in stages, and then this approach turned into a rolling review. This is a resource heavy process which means at any time the Planning Policy team are undertaking District Plan monitoring, developing new or amended provisions, preparing for and participating in Council hearings and defending Council's position in the Environment Court.
2. This report provides a summary of progress on the Proposed District Plan (PDP) and provides indications of existing and future workstreams. The report also provides summary on progress on other projects undertaken by the Planning Policy Team.
3. The key workstreams of the team can be summarised as deriving from the following requirements:
 - Reviewing the Operative District Plan in a timely manner and in accordance with statutory requirements, and providing statutory support to other Council direction, such as the Climate & Biodiversity Plan, Joint Housing Action Plan, and the Mode Shift Plan;
 - Giving effect to central government direction – such as the National Policy Statement – Urban Development and National Planning Standards;
 - Implementing the Spatial Plan through variations to the Proposed District Plan;
 - Consistency and giving effect to the Otago Regional Policy Statement(s) (RPS) including participating in the 1st schedule process for the RPS ;
 - Making complicated processes easier for the public and using opportunities to provide technology assistance (including EPlan, implementing the National Planning Standards, preparing guidance material to assist plan users, and providing a duty planner service); and
 - Processing Private Plan Changes.
4. Government priorities have changed throughout the evolution of the Proposed Plan. More recently the government in August 2025 has implemented “Plan Stop”. The intention of this is for local authorities to not expend resources unnecessarily by stopping parts of the plan-making process between the time when the Act comes into force and when legislation to replace the Resource Management Act 1991 (RMA) comes into force. This policy intends to achieve greater efficiency for local authorities in view of the changes expected to be in force by the end of 2027.
5. Since that time the Planning Policy team has been amending our work programme and assisting other parts of the Planning & Development resource requirements. We also contributing to the planning and development strategic planning projects in Frankton and Wānaka.

6. Work has also been undertaken to understand the outstanding work programme (especially in relation to the review of the Special Zones) and how this relates to the Government's direction on the efficiencies of the continuation of planning work in the interim period until new legislation is enacted and direction provided regarding future District Planning. It is anticipated that an agenda item will be prepared for Council to consider requesting exemptions to continue growth related work for some Zones and suggest that landowners consider Private Plan Changes (as still provided for by the Act) for Special Zones in single ownerships.
7. An exemption request has previously been made to the Minister to consider an exemption to the Upper Clutha Landscape Variation to continue. Council is awaiting the Minister's response.
8. Private Plan Changes (PPC) are still provided for under the "Plan Stop" legislation. Although the PDP is yet to be made formally operative, many of the zones have been operative (under Section 86(f)) for over two years and therefore application for the private plan changes can be considered by the Council.
9. Currently we are processing a PPC for The Hills Resort Zone. Other private plan changes are anticipated to be lodged in the first and second quarters of this year. Where staff resources allow these will be processed by the Planning Policy team.

Analysis and Advice | Tatāritaka me kā Tohutohu

10. Attachment A is a table that provides progress updates on the team's key work streams.
11. The activities occurring in relation to the Environment Court appeals are in accordance with the guidelines and parameters set previously by the Planning & Strategy Committee.
12. This report assists elected members, stakeholders and the community to understand the future work programme and interrelationships of the work being undertaken. This report is for noting only.

Consultation Process | Hātepe Matapaki

Significance and Engagement | Te Whakamahi I kā Whakaaro Hiraka

13. This matter is of medium significance as determined by reference to the Council's Significance and Engagement Policy 2024 because it is a matter relating to the administration of Council affairs.
14. The persons who are affected by or interested in the District Plan Review and related projects are residents/ratepayers of the Queenstown Lakes District community. Particular individuals and entities affected have opportunities to participate in plan development and pre-notification

consultation, submitting on the notified provisions and participating in hearings, appealing the decisions and joining the appeals.

Māori Consultation | Iwi Rūnaka

15. Consultation with Tangata Whenua under the RMA is a legal requirement before notifying a district plan and it is noted that legal requirements are being met on an on-going basis, and that many of these matters will not be relevant to, or require specific consultation with, Tangata Whenua.
16. It is also noted that meaningful Iwi consultation beyond the minimum will be undertaken where possible as it is generally best practice and can lead to a stronger understanding of the issues, and result in better environmental outcomes.
17. This is an update report, so no consultation on the contents of this report is required.

Risk and Mitigations | Kā Raru Tūpono me kā Whakamaurutaka

18. This matter relates to the Strategic/Political/Reputation risk category. It is associated with RISK10056 Ineffective provision for the future planning and development needs of the district within the Queenstown Lakes District Council Risk Register. This risk has been assessed as having a moderate residual risk rating.
19. Measures have been put in place to implement to manage any risk as required for each project for the district plan review. This will be achieved by putting measures in place, which directly reduce the risk.

Financial Implications | Kā Riteka ā-Pūtea

20. There are no new operational and capital expenditure requirements additional to existing approved budget in the Annual/Long Term Plan as a result of items in this report. The continuation of the projects undertaken by the Planning Policy team can be implemented through current funding under the Long Term Plan and Annual Plan.
21. Private Plan Changes are funded by the applicant and do not influence the approved budget unless decisions on those changes are appealed to the Environment Court.

Council Effects and Views | Kā Whakaaweawe me kā Tirohaka a te Kaunihera

22. The consistency of these matters with Council effects and views, policies, strategies and bylaws will be covered under separate agenda items where appropriate.
23. The following Council policies, strategies and bylaws were considered:
 - Operative District Plan

- Proposed District Plan
- Spatial Plan/Future Development Strategy
- Climate & Biodiversity Plan
- Joint Housing Action Plan
- Mode Shift Plan

24. This matter is included in the Long Term Plan/Annual Plan.

Legal Considerations and Statutory Responsibilities | Ka Ture Whaiwhakaaro me kā Takohaka Waeture

25. There are particular legal considerations that need to be taken into account under the RMA in relation to undertaking a 1st Schedule process to create or amend a District Plan. Where needed legal advice is taken and reported to the Smart Growth Committee directly or within the associated report.

Local Government Act 2002 Purpose Provisions | Te Whakatureture 2002 o te Kāwanataka ā-Kīaka

26. Section 10 of the Local Government Act 2002 states the purpose of local government is (a) to enable democratic local decision-making and action by, and on behalf of, communities; and (b) to promote the social, economic, environmental, and cultural well-being of communities in the present and for the future. The Proposed District Plan provides a framework for the future development communities in the Queenstown Lakes District, contributing to their wellbeing. As such, the recommendation in this report is appropriate and within the ambit of Section 10 of the Act.

27. The review of the District Plan:

- Can be implemented through current funding under the Long Term Plan and Annual Plan;
- Is consistent with the Council's plans and policies; and
- Would not significantly alter the intended level of service provision for any significant activity undertaken by or on behalf of the Council or transfer the ownership or control of a strategic asset to or from the Council.

Notified November 2017	<p>Chapter 24: Wakatipu Basin Rural Amenity Zone</p> <p>Chapter 25: Earthworks</p> <p>Chapter 29: Transport</p>	<p>The following chapters have appeals outstanding.</p> <p>Chapter 24 (mapping requests)</p> <p>Chapter 25: Earthworks</p>

Council decision issued	Chapter 31: Signs Chapter 38: Open Space & Recreation Zones Visitor Accommodation Variation	Chapter 38: Open Space and Recreation
Stage 3 & 3B Proposed District Plan		
Stage 3 Notified September 2019 Council decision issued	Chapter 18A: General Industrial & Service Zone Chapter 19A: Three Parks Commercial Zone Chapter 19B: Three Parks Business Zone Chapter 20: Settlement Zone Chapter 39: Wāhi Tūpuna Business Mixed Use & Residential Design Guidelines Variation	
Stage 3B Notified October 2019 Council decision issued	Chapter 46: Rural Visitor Zone	Chapter 46: Under appeal
Arthurs Point Re-notification (Stage 1 of the PDP) March 2022 Council decision issued	An amended Summary of Decisions Requested for two submissions made on the Queenstown Lakes Proposed District Plan (Stage 1), by Gertrude's Saddlery Limited and Larchmont Developments Limited.	Parameters for mediation were set at the November 2023 P&S meeting (in public excluded) and updated at the P&S meeting of 3 April 2005 An Environment Court was held in Queenstown commencing 25 November 2026. The hearing was not concluded and the Court directed timeframes for filing supplementary evidence and further memorandum by 27 January 2026. Further timetabling may be made by the Court to conclude the hearing and issue a decision.

	The submissions seek relief associated with land at Arthurs Point. The relief sought has been summarised in the amended Summary of Decisions Requested, which has been made available as an Addendum to the Summary of Decisions Requested for Stage 1 of the PDP. The process was undertaken in accordance with an Enforcement Order issued by the Environment Court dated 11 September 2019.	
Section 293 – Bunker and Rouse “Sticky Forest”		
Stage 1 Proposed District Plan	This Section 293 application arises from the Court’s second interim decision that addressed the appropriate zoning of decision of a site in Hāwea/Wānaka Sticky Forest known locally as “Sticky Forest”.	A final decision has been issued by the Environment Court confirming the change in zoning.
Variations Currently being Processed & Status		
Landscape Schedules - Priority Landscapes Notified June 2022	This proposal is a variation to Chapter 21 Rural Zone of the PDP, to introduce landscape schedules 21.22 and 21.23.	A decision has been ratified by the Council on 6 June. Council received 16 appeals (and one late appeal pending confirmation) on the PA Variation and a number of s274 notices. 2 appeals have now been resolved by consent order [UCT Properties Limited and Alpine Deer Holdings LP and Treespace No1 Limited Partnership]. All other appeals have now been through Court-assisted mediation.

		<p>The issues raised by the appeals cover a broad range of topics including the preambles to the schedules, changes to specific landscape schedules and process issues.</p> <p>Other issues raised by the appeals include the mapping of PA boundaries and ONL/F boundaries, methodology, legal weighting and potential for higher order policy and consequential changes.</p> <p>A preliminary decision from the Environment Court confirmed that it is beyond jurisdictional scope to pursue any changes or removal of mapped ONL/Ls or RCL overlays. The Environment Court confirmed that it was otherwise within scope to see any specific areas of land to be excluded from specified Priority Areas.</p> <p>The Mount Alpha Schedule 21.22.19 is still under appeal and resolution may be required from an Environment Court Hearing. The notice of appeal seeks amendments to the ONL classification and PA classification of Hawthen’s land (noting that the ONL amendment has been determined to be out of scope in accordance with the Preliminary decision).</p>
<p>Urban Intensification Variation Notified August 2023</p>	<p>This proposal seeks to amend the PDP by increasing heights and densities in some zones in the Urban environment as well as rezoning land close to the commercial areas in Queenstown, Frankton and Wānaka to enable intensification of development. The proposed variation also includes amendments to planning provisions to recognise the benefits of intensification; to ensure adequate amenity values are provided for within intensification areas; and to</p>	<p>Commissioners were appointed and hear the submitters who wanted to speak to their submissions over 3 weeks in 3 venues (Arrowtown, Wanaka and Queenstown). David Allen (Chair) Ian Munro Lyal Cocks</p> <p>A Commissioner’s Recommendation is being presented to the Council for ratification at its meeting on 5 February 2026.</p>

	<p>ensure that intensification can be serviced.</p> <p>The proposed amendments to planning provisions would apply to the following PDP chapters:</p> <ul style="list-style-type: none"> • Chapter 2 – Definitions • Chapter 4 – Urban Development • Chapter 7 - Lower Density Suburban Residential Zone • Chapter 8 – Medium Density Residential Zone • Chapter 9 - High Density Residential Zone • Chapter 12 - Queenstown Town Centre Zone • Chapter 13 - Wānaka Town Centre Zone • Chapter 15 – Local Shopping Centre Zone • Chapter 16 - Business Mixed Use Zone • Chapter 27 – Subdivision and Development 	
Landscape Schedules - Upper Clutha Landscapes	This proposal is a variation to Chapter 21 Rural Zone of the PDP, to apply landscape schedules to the Upper Clutha Rural Character Landscapes and the Clutha Mata-au ONL.	<p>The Upper Clutha Landscape Schedules Variation was renotified on 15 November 2024. Submissions closed on 13 December 2024. 50 submissions were received, with two submitters indicating that their submissions would be withdrawn (which would account for 48 in total).</p> <p>A summary of decisions requested has been notified for further submissions on 20 February 2025 and was open for further submissions until 7 March 2025.</p>

		<p>Commissioners have been appointed to hear the submission on this Variation: Peter Kensington (Chair) Richard Blakely Quentin Smith</p> <p>An application for exemption under the “Plan Stop” legislation has been made to the Minister of the Environment to continue the Variation to allow a hearing and a decision to be made.</p>
Final Stage – District Plan Review		
Special Zones Review	<p>The following special zones are scheduled to be reviewed in 2024 – they are the remaining chapters of the Operative District Plan to be brought into the Proposed District Plan.</p> <ul style="list-style-type: none"> • Arrowtown South <ul style="list-style-type: none"> • Meadow Park • Bendemeer Park • Frankton Flats A • Frankton Flats B • Remarkables Park • Kingston Village • Mount Cardrona Station • Penrith Park • Quail Rise Zone • Shotover Country 	<p>Monitoring reports, background research and options analysis are being undertaken. A consultation approach (strategy) with key stakeholders is being created.</p> <p>A Councillor workshop was held on 1 July 2025 to update the elected members on progress and seek direction as to the resource management issues and options for the review.</p> <p>A webpage has been set up to outline progress on the review of the Special Zones.</p> <p>QLDC - Special Zones Review</p> <p>A dedicated email address has been created, community members or interested parties are invited to email and be updated on progress on this project: qldcspecialzonesreview@qldc.govt.nz</p> <p>Council staff are assessing which parts of this part of the District Plan review may be suitable for an exemption by the Minister.</p>

	<ul style="list-style-type: none"> • Plan Change 50/Queenstown Town Centre Extension • Northlake 	
Wāhi Tūpuna Layers	At the time of notification Wāhi Tūpuna were only applied to the Proposed District Plan.	<p>Officers' will seek Council's strategic steer and guidance on an upcoming full council workshop (1st July) on recommended broad zoning options for nine special zones as they aim to bring these zones into the PDP through the standard plan-making process.</p> <p>In addition to seeking strategic steer on the broad options and pre-consultation; the officers will provide the Council with the information and update on bringing in the remaining Wāhi Tūpuna sites into the Plan - because the special zones do not have Wāhi Tūpuna overlay currently applying to them.</p> <p>Officers are partnering with the Rūnaka planners, and they have planned an engagement as to the best approach and methodology to bring this overlay to the remaining Special Zones.</p> <p>Currently being assessed as to the influence of "Plan Stop".</p>
Spatial Plan Priority Areas Rezoning	<p>Te Tapuae Southern Corridor - Draft Structure Plan</p> <p>Frankton Priority Area</p>	<p>Supporting the Spatial Planning team to create a Structure Plan. The Structure Plan was ratified by the Council on 4 September.</p> <p>Council staff are preparing a request for an exemption by the Minister.</p> <p>Currently being undertaken as part of the Special Zones review (Remarkables Park Zone, Frankton Flats A & B zones) and implementation of the Spatial Plan.</p>
Amendments to support and provide a statutory	<p>Climate and Biodiversity Strategy</p> <p>Travel Demand Management</p>	Research and cost/benefit analysis being undertaken.

weight for Council policies.		
Natural Hazards	Gorge Road Glenorchy	Research and preparation of changes/variations to the Proposed District Plan (if required)
The Hills Private Plan Change	The Hills Special Zone	<p>A private plan change has been received which seeks the following:</p> <ol style="list-style-type: none"> 1. To ensure amendments to the location of Activity Areas arising from design changes to the golf course are reflected in the Structure Plan and provisions for the Zone; and 2. To provide limited additional residential activity and additional recreational amenity for residents and guests of the resort. <p>The Private Plan change was accepted for Notification by the Planning and Strategy Committee on June 23rd, 2025. The Private Plan change request was publicly notified on August 15th, 2025. The Summary of Decisions Requested from Submitters was notified on October 23rd, 2025, and it open for Further Submissions for 10 working days. The period for Further Submissions closed on November 7th, 2025.</p> <p>A hearing will be held in Queenstown from 14-16 April 2026.</p>

Other Projects

Making the Proposed District Plan Operative

An important step in the plan making process is making provisions formally operative in accordance with Clause 17(1) of the 1st schedule. Essentially, this means that provisions can be relied on in their entirety. Up until that formal point, planners rely on Clause 86F (as there are no outstanding submissions or appeals to a provision). This point also makes the commencement of the 10 year “clock” where provisions need to be reviewed within 10 years of becoming operative.

A requirement of the Te Pūtahi Ladies Mile Streamlined Planning Process is for the provisions (if confirmed by the Ministry of the Environment) to be made operative. As significant parts of the Proposed District Plan are no longer subject to appeal, whole chapters are now able to be made operative. Operative status makes the implementation of the plan much easier. A careful analysis will be undertaken to ensure that operative status only applies to the provisions that are no longer subject to appeal or amendment.

The Te Pūtahi Ladies Mile Variation has been made formally operative; all affected provisions are marked on the Eplan. Significant additional parts of the Proposed District Plan will be made operative as soon as possible.

Gorge Road Hazards

Queenstown Lakes District Council (QLDC) has been investigating risk from natural hazards (rockfall and debris flow risk) in the Brewery Creek and Reavers Lane areas. Assessments show there are a range of risk levels in these areas, with elevated levels of risk in some places.

Council staff are now working on a further work programme to inform if and where the different elements recommended by the preferred response package will be applied and next steps for this project.

Council has engaged Beca to undertake additional fieldwork in the area to further understand the nature of the natural hazards present.

Council is assessing the project in relation to new government direction – the National Policy Statement – Natural Hazards which came into force on 15 January 2026. An agenda item will be presented to the Council on this project later this year.

It is noted that this project is different from the post 2023 storm event cleanup which was not directly attributed to the natural hazards.

Glenorchy Natural Hazards

In the event that any planning implications arise from this project – i.e changes to the District Plan, then a project plan, resourcing and plan change process will be undertaken.

Attachment B: General Update on Operative Status of Proposed District Plan Chapters and Outstanding Appeals

Attachment 2: Outstanding Environment Court Appeals: By Chapter of the Proposed District Plan

Changes since the previous meeting are shown in **bold**.

Summary of Appeals Resolution:

Stage 1	Stage 2	Stage 3	Landscape Schedules
107 Appeals	86 Appeals	43 Appeals	15 appeals
101 appeals resolved	77 appeals resolved	41 appeals resolved	2 appeals resolved
6 still live	9 still live	2 still live	13 live
