**Subject:** Landscape Schedule Variation-Evidence of UCES

Dear Sir/Madam,

Ms. Lucas has informed the Society that, due to the large number of submissions and Council evidence she has had to read and digest in relation to the Landscape Schedule variation, she will not be able to complete her expert landscape evidence for the Society by the 11 September deadline.

The Society would be grateful if a two day extension could be afforded to the Society; that is 13 September.

The Society considers that no party will be prejudiced as a result of this short delay given that Ms. Lucas's evidence will be substantially the same as that submitted at the time of public notification.

Julian Haworth  
President,  
Upper Clutha Environmental Society
