

IN THE MATTER of the Resource
Management Act 1991

AND

IN THE MATTER of the Queenstown Lakes
Proposed District Plan

**SECOND MINUTE CONCERNING ADDITIONAL INFORMATION TO BE
PROVIDED BY SUBMITTER 715**

1. On 15 August 2017 I issued a Minute setting out the date and time by Submitter 715 (Jardine Family Trust & Remarkables Station Limited – “the Jardine Trust”) were to provide additional information which the Jardine Trust offered to provide at the conclusion of its case on 8 August last. I note that this information was offered as additional material by the submitter. It was not requested by the Hearing Panel.
2. The date and time the information was to be provided by has now passed. The Hearing Administrator received an email in the afternoon of Friday 1 September last attaching a report on wastewater disposal and advice that other information offered was not yet available. Although not explicitly stated in the email from Mr Geddes, it appears the Jardine Trust was requesting an extension of time to lodge the remainder of the information to the end of the working day on Tuesday 5 September 2017.
3. I consider it reasonable to provide the additional time. However, as it is necessary to provide further submitters with the opportunity to comment on the material lodged, and for any such comments to be received prior to the close of this hearing stream to enable the Council fair opportunity to reply to them, 5pm on Tuesday 5 September is the absolute latest than any additional material will be accepted from the Jardine Trust.
4. I amend the time by which further submitters on Submission 715 can lodge comments on this additional material to noon on Wednesday 13 September 2017.
5. We will not consider any material received late from either the submitter or the further submitters as to do so would create procedural unfairness. The hearing is the time this information should have been provided if the submitter considered it necessary for it to be put before us.
