Supplementary Evidence

After reading the report from the Councils Landscape architect I am still totally ,completely 215% against having the Hawthorne hedge on my property included in a register of protected plants under the district scheme.

I stand by my original submission and also note that there are other properties on Berkshire St that have no hedges at all and also the integrity of the entrance to Arrowtown and its historical values are not comprised in my opinion.

My house is only five metres to the boundary where the Hawthorne hedge is and in the Winter I have no privacy at all from the public walking past and looking into the house if the curtains are open.

It is a hedge that takes continual maintenance as Hawthorne trees can grow to 15 metres if left to grow to their full height.

And so Finally I would like to make it known that I am totally, fully, and completely opposed to having a protection order placed on the hedge.

Yours Faithfully
Jim Schmidt

Hi Jim,

Please find attached a Memorandum from the Hearings Panel in regards to your submission. Just sending on even though you expressed you don't wish to speak at the hearings. Please advise if you wish to speak.

I have attached Supplementary Evidence form Phillip Blakely FYI.

Thank you.

Subject: Re: Proposed District Plan Hearing - Protected Trees

Thank you for the information.

I do not intend to speak to the submission and will let the hearing make a decision on my submission based on the the points in the submission.

However I may attend as an interested person and would like to get an approximate time that my submission will be heard if that is possible.

yours faithfully

Jim Schmidt

Dear Mr Schmidt

It has come to our attention that your submission, accepted on 2 February 2016 regarding the protection of a Hawthorn Hedge at 11 Berkshire Street, was inadvertently excluded from the list of persons to be served notice of the upcoming hearing on Chapter 26 (Heritage) and Chapter 32 (Protected Trees).

This email is to ensure that you receive notice of the hearing and whether you wish to attend the hearing to speak to your submission.

The Council usually provide notice of a District Plan Review hearing 15 working days from the hearing and in this case you are being provided notice 10 working days from the commencement of the hearing on 27 June. I apologise for this and to ensure you are not prejudiced the Council will make a request to the Hearings Panel that your evidence or submission can be filed later than the usual timeframes.

Please refer to the attached letter that provides information on the hearing and a link to the Council's website to make a booking arrangement. If you prefer to make a booking in person, or the time period for making a booking has closed, please contact me directly.

Please contact me if you have any questions.
