Blue Green Network

Key Stakeholder Workshop: Follow Up

Setting the Scene

Spatial Plan Strategic Framework

Spatial Plan Relationships

Spatial Plan Relationships

Delivering the Spatial Plan

Delivering the Spatial Plan will require coordination and collaboration between the Partners, and will build on the process used to develop this Spatial Plan.

The Queenstown Lakes Partnership will develop a draft joint work programme to advance the priority initiatives identified in the Spatial Plan. A range of mechanisms will deliver the initiatives, including budget.

An implementation plan will be developed that sets out responsibilities and timeframes for delivering the initiatives. This will be reviewed annually to progress delivery of the joint work programme.

The Spatial Plan will be reviewed and updated in 2024.

Grow Well Whaiora Partnership: Joint Work Programme				
SPATIAL PLAN OUTCOMES	Consolidated growth and more housing choice	Public transport, walking and cycling is the preferred option for daily travel	A sustainable tourism system	
SPATIAL PLAN PRIORITY INITIATIVES	1. Review zoning and other levers to enable higher densities and more flexible use of land within the existing and new urban areas in appropriate locations identified in the Spatial Plan.	6. Complete and implement the Queenstown Transport Business Cases including the delivery of the Frequent Transit Network	11. Develop and implement a Destination Management Strategy to align decision making and development with sustainable development principles	
	2. Use the Grow Well Whaiora Urban Growth Partnership to improve alignment and coordination to unlock joint priority development areas, including: > Ladies Mile > Five Mile Urban Corridor > Queenstown Town Centre to Frankton Corridor > Southern Corridor > Wānaka Town Centre to Three Parks Corridor > Southern Wānaka	7. Complete and implement a mode shift plan for Queenstown including travel demand management measures	12. Implement a levy on visitor accommodation across the Queenstown Lakes	
	3. Undertake structure plans for future urban areas identified in the Spatial Plan, including identifying infrastructure triggers needed to enable and sequence new growth areas. Ensure the development of future urban areas prioritise the delivery of affordable housing options.	8. Investigate and protect the extension of the Frequent Transit Network to Remeskāhina Park and the Southern Corridor	13. Develop and implement a Tourism Travel Demand Strategy to encourage the use of public and active modes by visitors	15. Develop open space network plans to deliver the Blue-Green Networks
	4. Investigate the use of alternative funding and financing tools to accelerate infrastructure delivery	9. Complete the Wakatipu and Upper Clutha Active Travel Networks	14. Investigate establishing a sub-regional public transport network that provides for both local residents and visitor needs	16. Complete, update and implement QLDC Community Facilities
	5. Establish a coordinated programme that draws together central government, community providers, iwi and council projects and initiatives to improve affordable housing outcomes	10. Investigate establishing Upper Clutha and Sub-Regional public transport networks		17. Develop a Grow-well Design Guide to improve the quality of built form and embrace Kāi Tahu cultural values.
				18. Complete, update and implement QLDC Wellbeing Strategies and plans
				19. Review and update the zoning of centres and major employment locations in the District Plan to be consistent with the Spatial Plan
				20. Review and update the zoning of centres and major employment locations in the District Plan to be consistent with the Spatial Plan
				21. Establish a Queenstown Lakes utility infrastructure providers forum to improve coordination with Spatial Plan outcomes and resilience of the networks
				22. Identify and ensure the efficient operation of main freight routes by developing a Network Operating Plan

MONITORING PROGRAMME
 Tracking Progress of the delivery of the Priority Initiatives
 Tracking growth against the spatial elements and outcomes of the Spatial Plan

15. Develop open space network plans to deliver the Blue-Green Networks.

What is a Blue Green Network?

- The Blue-Green Network is the **grouping of all the parks, open spaces, connections, and accessible waterways** that deliver a variety of educational, recreational, ecological, cultural, landscape and health benefits.
- The Blue Green Network will **set out the level of provision** of open space and connections needed in each community to deliver a sustainable quality open space network.
- It will **respond to the anticipated growth** and provide the community with access to a range of recreational, social, cultural, and environmental experiences.

Why a Blue Green Network?

- Provide a **framework for a well-connected, diverse, and inclusive network** of open spaces and blue networks.
- To create **sustainable, resilient, and liveable urban environments** that benefit both **people and nature**.
- Enhance the **quality of life**, provide recreational opportunities, **preserve natural resources**, promote **community identity**, and foster **social equity** within a community.
- To guide the **development, management, and utilisation** of the blue green network and used to **determine and prioritise spending**.

Engagement Process

QLDC BLUE GREEN NETWORK - OVERVIEW OF PROPOSED ENGAGEMENT PROCESS

June – August 2023

EARLY ENGAGEMENT

To work with project partners to establish vision and objectives, and to understand their issues aspirations, and priorities for the Whakatipu and Upper Clutha Blue Green Network

August - September 2023

KEY STAKEHOLDER ENGAGEMENT

To test outcomes of early engagement with key stakeholders and understand their issues, aspirations and priorities for Whakatipu and Upper Clutha Blue Green Network

October – November 2023

COMMUNITY ENGAGEMENT

To explain project drivers, technical data and emerging blue green network plan with wider community. Seek further feedback/input and provide people with the opportunity to ask questions and have their say

Study Area

Whakatipu

Work in progress

Priority Areas and Settlement Areas as outlined in the Spatial Plan

- Fernhill / Sunshine Bay
- Queenstown Town Centre
- Queenstown Hill / Frankton Road
- Frankton / Quail Rise
- Eastern Corridor (Shotover Country, Lake Hayes, Ladies Mile)
- Southern Corridor (Parkridge, Hanleys Farm, Jacks Point, Homestead Bay)
- Arrowtown
- Glenorchy
- Kingston

Upper Clutha

Work in progress

Priority Areas and Settlement Areas as outlined in the Spatial Plan

- Wānaka Central
- Wānaka North
- Wānaka West and South
- Albert Town
- Cardrona Village
- Hawea
- Luggate
- Makarora
