

Let's get ready

The better prepared we all are for a major emergency, the easier it will be for us to get through it.

An emergency can range from an earthquake to a pandemic. And while we can't predict emergencies, by taking some simple steps, we can prepare for them.

In an emergency, civil defence and first responders will be very busy and will prioritise the people who need them the most. It's up to us as individuals and as a community to be as prepared as we can be.

The Frankton and Quail Rise Community Resilience Group is made up of passionate volunteers who have committed to volunteering their time to help ensure our local community is ready and prepared for an emergency.

The group will open a Community Emergency Hub at the Remarkables Market / Red Shed on Hawthorne Drive if needed. A secondary hub may be set up at the Quail Rise tennis court if required. For example, in an earthquake, wildfire, or extended power outage the hub will be a place for people to come to find information, ask for help, or offer skills and resources to help others.

Tips for getting ready

Check out www.getready.govt.nz for more ideas on how to prepare.

MAKE A HOUSEHOLD PLAN

Emergencies can happen at any time, think about where you might be - at work, at school, in town. How would you contact your loved ones? Have a chat with the people in your household and work out what you'll do.

Consider tenants and visitors. Will they know what to do in an emergency situation?

Don't forget to prepare for your four-legged friends.

PUT TOGETHER EMERGENCY SUPPLIES

Make sure you have supplies to last at least three days. That includes food for all members of your household, as well as water - three litres per person per day.

Think about medication and any other special items for your household.

Remember supplies for pets and babies!

Have a grab bag ready in case you need to leave your house in a hurry.

MAKE YOUR HOME SAFER

Use brackets or straps to secure tall and heavy furniture to the wall.

Secure or move heavy/fragile items off higher shelves.

Make sure you know how to turn off the power, gas and water to your property.

Think about external rainwater storage.

The Frankton and Quail Rise Community Resilience Group will open community emergency hubs if required, at the **1** Remarkables Market / Red Shed and the **2** Quail Rise tennis court.
