

Application for Compliance Schedule

Section 100, Building Act 2004

This form is to be provided with your building consent application for new, altered, added to or removed specified systems to enable:

1. The specified systems and associated performance and installation standards to be included on the relevant building consent for the work.
2. The Compliance Schedule to be issued with the Code Compliance Certificate.

Please identify each specified systems by ticking appropriate boxes on page 2 these have default design and installation standards which will populate default reporting and maintenance procedures on the compliance schedule, a full list of these can be viewed on our **Information Sheet for Specified Systems**. If you intend to use other design, installation, reporting and maintenance procedures please complete a **Specified System Form** (see QLDC building All Documents).

Clarification on amendments: QLDC Building Control Authority will assess if an amended compliance schedule is required when reviewing the building consent application. This includes where specified systems are installed, removed and / or alterations requiring amendments to installation, inspection and maintenance performances.
