Consultation On Future Status Of The Stanley Street Queenstown Arts Centre Building

Queenstown Lakes District Council will start consultation on the future status of the Stanley Street Queenstown Arts Centre (QAC) building from 26 April 2022.

What's proposed:

The proposal is to remove the QAC building from the Schedule of Assets which forms part of the QLDC Significance and Engagement Policy 2021. This will enable QLDC to remove or re-purpose the building away from the site, which is a step towards supporting the longer-term use of the land for Project Manawa, a cultural and civic heart for the district located in central Tāhuna Queenstown.

Expressions Of Interest Are Invited For One Community Representative Position That Is Currently Vacant On The Queenstown Airport Liaison Committee (QALC)

The purpose of the committee is to act as a forum and interface between the Airport, the community and other stakeholders regarding issues related to noise at Queenstown Airport. The appointment of representatives will reflect the communities in close proximity to the Queenstown Airport: Frankton, Kelvin Peninsula, Hanleys Farm/Jacks Point, Lake Hayes Estate/Quail Rise/Shotover Country. Representatives will be appointed for a period of three years with the option to be appointed for a further three years. The Committee meets 4-5 times annually.

The functions of the community representatives on QALC are to:

- Present the views of the local residents and community (including neighbouring properties and special interest groups);
- Ensure resident and community views have a direct route into the noise management process; and
- Promote communication and understanding between the residents/community and Queenstown Airport and airport users and providing regular feedback on the deliberations of the QALC.

Expressions of interest should detail how candidates will deliver these primary functions and should be made in writing and submitted to the Council no later than Friday 20 May 2022.
