QUEENSTOWN LAKES DISTRICT COUNCIL

MY SUBMISSION

Specific provisions Specific provisions of the proposal that my submission relates to.	**Support or oppose** Whether you support or oppose the specific provisions or wish to have them amended.	**Reasons for your views** Provide what you would like amended and reasons for your view	**Decision sought from Council** Provide precise details on what decision you are seeking.
Private plan change 2: Arrowsouth	I support the change with some conditions	I don't mind a new subdivision next door but I want it to have it's own entrance and exit and not be anything to do with Brodie Avenue. Brodie and Patton are narrow streets with cars parked on both verges because houses do not have sufficient parking or driveways for the amount of people in then, and more traffic would cause the risk of accidents to increase a lot. Children play on the streets and already at present cars drive too fast into the streets . The 40km speed limit will also need to be pushed out to nearer the Hills golf club. Cars speed up along McDonnell Road after the last speed bump, going much faster than 40km by the time they get to Brodie Avenue, if there is another sub division the traffic and speeding will get worse. I also think that rubbish collection needs to be from inside the subdivision- Currently Patton and Brodie have to take the bins to McDonnell road meaning at least 40bins on the street every week, if another 40 houses are built that's another 80+ bins on McDonnell every week making it hard to see when pulling out and cause for accident.	I am seeking a yes but ONLY if the council is sensible and actually thinks through the everyday logistics of real living
