

**APPENDIX 3: PHOTOGRAPH A** - Located immediately west of 58 Cunninghams Drive, Jacks Point. The broad grassed mound would remain Activity Area OSA under the situation sought by RCL. The extended R(HD)-B Activity Area would be on the lower ground where the parked car can be seen.

**APPENDIX 3: PHOTOGRAPH B** - Located north-west of 58 Cunninghams Drive, Jacks Point. The viewer is within the proposed extended R(HD)-B Activity Area, looking at the broad grassed mound that will remain in the OSA Activity Area.

**APPENDIX 3: PHOTOGRAPHS**

All photographs A - D have been captured using a digital camera with a 50mm focal length. Photographs A and B were captured on Thursday the 19th of January 2017. Photograph C was captured on Thursday the 22nd of December 2016. Photograph D was captured on Friday the 11th of November 2016. All photographs were taken and spliced together using Microsoft ICE by Mr Ben Espie, Landscape Architect, Vivian+Espie Ltd.

**APPENDIX 3:** PHOTOGRAPH C - Located at the eastern end of Soudley Court, Jacks Point, looking towards the area that could accommodate education activities under the situation sought by RCL.

**APPENDIX 3:** PHOTOGRAPH D - Located along Jacks Point Rise, situated immediately west of 79 Jacks Point Rise, Jacks Point. Due to noise constraints, I understand that buildings associated with educational activities (as sought by RCL) would be confined to the area that can be seen as bare soil and to the right. Buildings would not extend to the left of the bare soil area.
