**To:** The Registrar  
Environment Court  
**Christchurch**

**1. Name of party giving notice:**

Heli Glenorchy Limited (“the Company”)

**2. The relevant proceedings are:**

ENV-2018-CHC-000143

**3. The party giving notice is:**

A person who has an interest in the proceedings that is greater than the interest that the general public has.

The Company operates its helicopter activities from the Glenorchy Aerodrome and has been engaging in negotiations with the Respondent regarding a lease or licence to operate from the Glenorchy Aerodrome.

Heli Glenorchy Limited is not a trade competitor for the purposes of section 308C or 308CA of the Resource Management Act 1991.

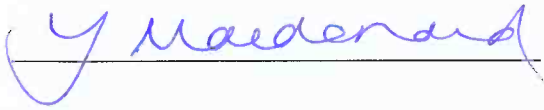

**4. All of the proceedings are of interest to the party giving notice.**

**5. The relief sought is opposed.**

The decision of the Respondent is supported in full. To this end, in the context of the grounds of appeal:

- (a) Any requirement seeking to impose controls with respect to aircraft types and operation with reference to the Ldn55dB is uncertain and does not recognise the existing environment and permitted baseline of operations at the aerodrome;
- (b) There is no resource management rationale nor justification for a designation to limit the number of leases or licences operating from the aerodrome; and
- (c) A Reserve Management Plan is an effective tool for managing noise and aircraft aerodrome operations in terms of leases and licences to operators.

6. **The party giving notice agrees to participate in mediation or other alternative dispute resolution of the proceedings.**
