Rabbit control operation planned for Whakatipu reserves and trails

Queenstown Lakes District Council (QLDC) has employed the services of a professional contractor to carry out rabbit control on three sites across Whakatipu from Monday 14 July.

These areas include:

- Morven Ferry Reserve
- Twin Trails – from zoological gardens to confluence with Shotover River
- Queenstown Event Centre Hay Paddock

There will be three pindone bait drops scheduled a week apart to be carried out by motorbike and helicopter, depending on weather.

Pindone bait dyed green will be present on the ground in this area while signage is in place.

Public walking tracks through the reserve may be closed temporarily if work is being undertaken nearby. Signage and personnel will be in place to ensure safe operations. If members of the public are asked to wait by the contractor, they must do so.

This pesticide is poisonous to humans and domestic animals. As a precaution, always remember:

- **Do not** touch the bait
- **Watch children** at all times
- **Do not eat** animals from these areas or within 2km of it
- **Do not allow dogs** access to animal carcasses or bait
- **Keep dogs on leash and under control at all times**

Signage will be removed when there is no risk to the public or dogs.

This operation aims to reduce rabbit numbers to decrease the environmental effect on native vegetation and biodiversity in compliance with Otago Regional Council's Pest Management Plan.

For up-to-date information on operation timings and alternative trails to walk your dog, please go to [www.qldc.govt.nz/pest-control](http://www.qldc.govt.nz/pest-control) and follow QLDC Facebook.

For further queries please call QLDC Customer Services on 03 441 0499 or email [services@qldc.govt.nz](mailto:services@qldc.govt.nz)
